Welcome

Congratulations on your engagement and forthcoming wedding. We appreciate the effort that goes in to planning your special day, so we endeavour to capture every moment and small detail that means so much to you and that you have worked so hard to get right for your big day.

It is important to us that you feel relaxed and not under any pressure as this is a joyful celebration and a time for lots of fun! So our aim is to keep the day running smoothly. We keep in mind that you are there to enjoy your day, and we are there to record it, not to take over!

For over 15 years I have been capturing weddings to tell a story, your story. A story to look back on and rekindle happy memories. So we would like to take this opportunity to thank-you for browsing our website. Hopefully you found it helpful and we wish you all the best on your wedding day and would be delighted to be a part of it.

Kind regards,
Andrew & Kathrine.

Many thanks for all your work on our wedding day, you were fantastic and we were delighted we choose you for our photos. We received your disk in the post yesterday, perfect timing as we had only just returned from Honeymoon.

*Thanks again,
John & Cíara*

Wedding Preparation

Photography begins with the brides preparation. This gives you a chance to get used to having a photographer around and provides an opportunity to photograph your flowers, jewelry, shoes and other details. As well as capturing the excitement of the wedding morning with your family and friends.

*Thanks for the CD of pictures from our wedding on Easter Monday, they are absolutely fabulous!!! We couldn't be happier with how they turned out... It was really difficult to choose for the album..
Best Regards,
Johanna & Chris*

Wedding Style

I like to be at the church early to catch the guests as they arrive, and the groom with his companions. Later it is good to photograph any family groups quickly so that everyone can relax, enjoy the fun of the day and celebrate.

My approach is relaxed and friendly with a quirky eye for the unusual. All pictures can be in color or Black & White.

Thank you so much for our amazing photos and all your help on our wedding day. All your hard work and effort really made our photos fantastic. Best wishes, Linda & Damien.

Wedding Ceremony

During the service I work from a discrete distance, using only the light in the church. Capturing natural images of the ceremony as it unfolds. Keeping an eye open for amusing moments that define the wedding as truly yours. I use flash rarely and sparingly during the ceremony, often not at all, in order to create atmospheric photographs.

Thank you for the beautiful photographs you took on the day, it was so hard to choose as there were so many brilliant ones to pick from. You were lovely to deal with and you did a fantastic job, so thank you again.
Kind regards,
Gillian & Dermot.

Wedding Fun

*Thank you so much for our fantastic wedding photos. We are both so pleased with them.
Best wishes,
Katie & Peter*

Wedding Cake

Photography is usually completed shortly before the call for dinner. By this time photographs with the cake, details of the tables, the room and a mock up of the first dance, if required, would have been shot.

*Thank you so much for doing our wedding photos. We are so happy with them.
From Michelle & Keith.*
