*Every Woman deserves
a beautiful portrait of herself*

What 's Included in Your Boutique Session.

I will ask you to complete an on line questionnaire and then we would have a personal consultation by phone, or even Skype. This is to get to know you and to talk about the type of portrait session you want, gauge your style and how to prepare.

On the day, we will start with your hair and make-up, followed by a two hour portrait session set in the comfort of my home studio with refreshments. You will be guided gently into poses that flatter you and make you feel beautiful, empowered and confident.

A reveal session will take place a couple of weeks after to see your beautiful portraits finished, printed and ready to take home and enjoy for a lifetime.

How Much does a Boutique Session Cost?

Booking fee is £150 and includes the styling, photo-shoot and reveal session. My folio packages start at £250 and go up from there, depending on how many portraits you buy. What you buy is entirely up to you. If you don't like your portraits you don't have to buy them. My job, is to take beautiful portraits of you that you absolutely LOVE and can't live without! Every portrait you purchase will also include the high-resolution digital on USB.

Will my Portraits be Retouched or Edited?

Most of what I do is done in-camera during your portrait session with flattering posing using natural daylight. I retouch skin tone, blemishes, stray hairs, imperfections in fabric, and lightly enhance to bring out your natural beauty. If there is anything specific you would like me to edit please let me know during your consultation.

Can I Book on the Weekend?

Yes I shoot Thursday to Saturday starting at 9am for hair and makeup and shooting from 10am. Enjoy this pamper session and afterwards go out with your friends for a girls night or schedule a date night with your significant other because you are going to look and feel like a movie star afterwards!

Do you offer Group Sessions?

Absolutely! Book a double portrait session and enjoy a wonderful experience with your sister, mother, daughter or your best friend. Just let me know during your consultation so we can adjust the timings to accommodate.

Do you offer Gift Certificates?

Of course. Celebrate the love you have for her with a luxury portrait experience that includes a makeover session, photo-shoot, reveal, a keepsake folio box collection filled with her most cherished portraits of herself.

What do I Need to get Ready?

At least a week or two before your portrait session treat yourself, visit your favourite salon for a little touch up and a mani/pedi. I don't recommend trying or experimenting a drastic new style before your portrait session. Just do enough to make yourself look and feel your best. We can go into more detail on this during your consultation.

What Should I Wear?

This will depend on what type of portrait session you want and how you will be displaying or using your portraits. We will talk about what to wear during your consultation and all the outfits and accessories you'll want to bring to your portrait session.
