Our Cleaning Services

Home Cleaning

Our local house cleaning services will ensure your home is always in immaculate condition, ready for you to relax and enjoy.

- Regular Clean
- End of tenancy cleans
- Holiday letting cleaning
- One-off cleans
- Post-build cleaning

Ironing

Enjoy freshly ironed clothes, bedding, and linen with our affordable ironing services. We can collect and return, or iron as part of our regular house cleaning service.

Laundry Services

Never worry about your laundry again with Bright & Beautiful's off-site laundry service, with collection and delivery available. We can take care of it, so you don't have to! From wash basket to wardrobe, our laundry service ensures cleanliness and peace of mind.

Holistic Housekeeping

Blissfully bespoke home cleaning, laundry & ironing services.

We understand that a beautifully clean home means a brighter you, so for people with a non-stop, busy schedule, keeping your home pristine can be challenging. By taking a holistic approach to cleaning your home, our housekeeping team will make sure your house is immaculate, with special care taken to keep your home looking, feeling and smelling fresh.

With your laundry perfectly pressed, your dishes washed and tidied away, and your clothes ironed and neatly hung in your wardrobe, our professional and thoughtful housekeepers will give your home order, creating and maintaining an inviting, tranquil space for you to enjoy.

Strict Security

Protecting your home with strict security procedures.

Your home is your safe space where you spend quality time with your loved ones and store important personal items, so we understand the importance of trust when it comes to allowing someone into your home. To guarantee the security of your property and possessions whilst in our care, we put extra emphasis on strict security when it comes to training our housekeeping staff, and we make sure every member of the team has a criminal record check.

Our fully insured teams follow the strictest of security with our safe key holding procedures. Our team members ensure all keys are returned to the office at the end of each day.

Pure Products

Eco-friendly products for a healthy home.

When our dedicated team of professional housekeepers visit your home to deliver our quality cleaning services, they will bring with them premium cleaning equipment and eco-friendly cleaning products. You will no longer have to search the supermarket aisles and check labels for the best eco products. Our cleaning products are biodegradable, meaning reduced emissions and waste, as well as being cruelty-free so you can feel guilt-free about your immaculate home.

Our eco-friendly cleaning products are safe, without the strong chemicals that can harm your family, pets or furniture. Our eco products are also unlikely to irritate those with allergies - but please do inform your local manager if you have any specific allergies we should be aware of.

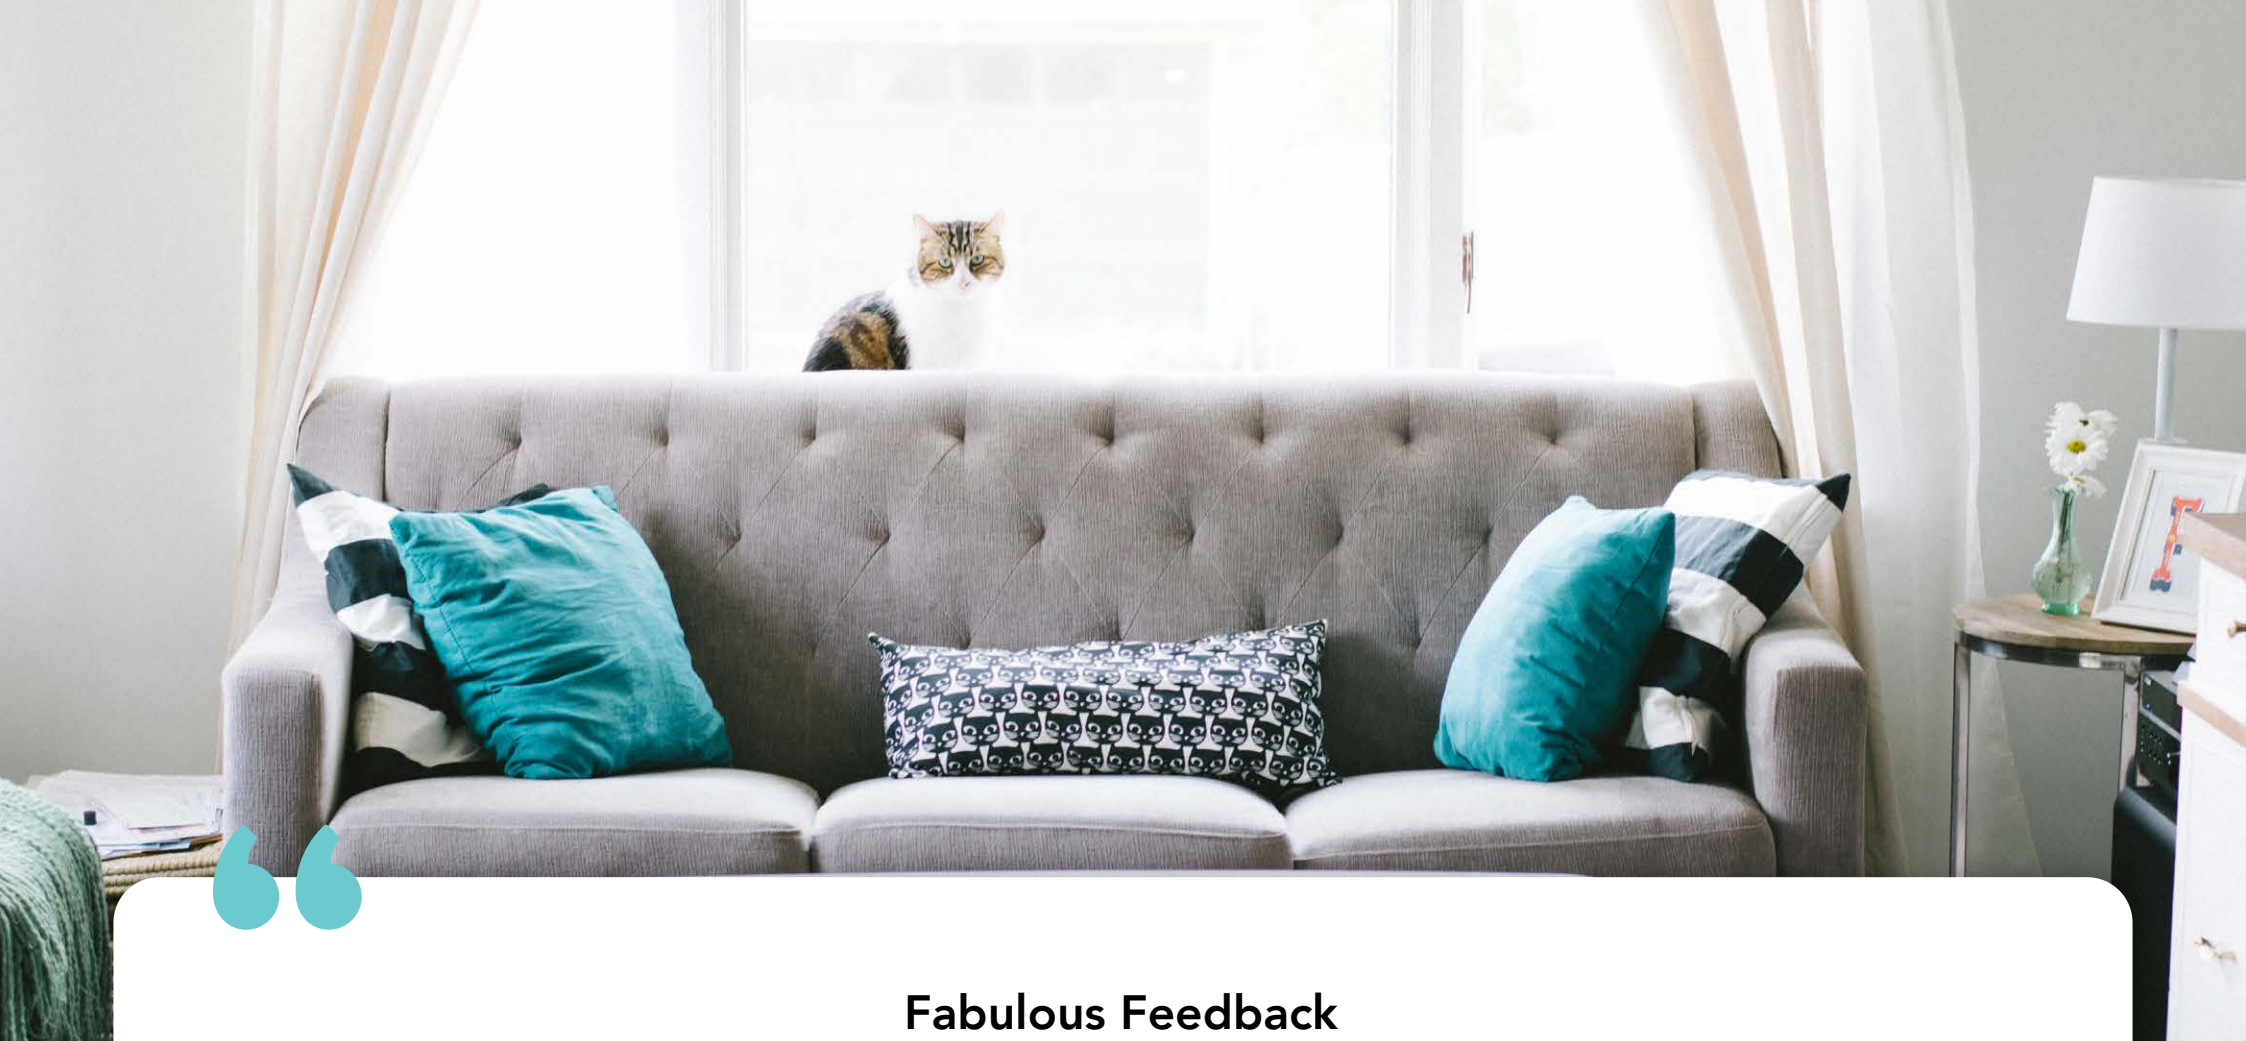

Trusted Teams

Carefully selected and professionally trained cleaners.

At Bright & Beautiful, our housekeepers are directly employed by us, which means they have the training to deliver the highest standard of cleaning services in keeping with our strict cleaning and security procedures. We DBS check all of our employees and only hire people who have the attitude and skills to offer a fantastic level of service and fit with our friendly and respectful cleaning philosophy.

We also make sure we reward our housekeeping team for their hard work, so they feel valued and content at work, which in turn helps them deliver a better service to our customers. All of our housekeepers work in teams of two or three, ensuring high productivity and full accountability so that your home is in safe hands.

Fabulous Feedback

We loved the job you and your team did for us and I can see why you are best in class as a company.

Ms Bloom

We have never had a company that does such a thorough job and goes above and beyond in quite the same way.

Mr Illingworth

We walk through the door to the immaculately pressed laundry and bed dressing skills that make it a joy to come home.

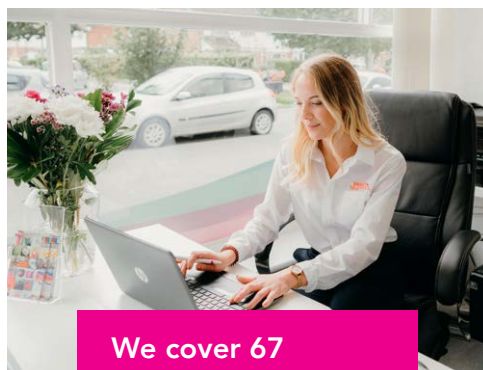

Mr & Mrs Brown

800 employed professional housekeepers

We cover 67 locations across the UK

Clients select us for our security and reliability

More than 200,000 homes cleaned each year

You can trust us to take care of your home

Bright & Beautiful supply a professional house cleaning service that you can trust. Have confidence in our team whenever they clean your home, even when you are out. All of our cleaning teams are background checked, fully insured and directly employed by your local Bright & Beautiful cleaning franchise. We provide full training to all our cleaners to deliver an excellent standard of service in every home.

Bright & Beautiful are unique to any other professional housekeeping company as we have core values engrained into our business. We supply a holistic cleaning service, delivered by our trusted local teams, who put the security of your home at the forefront of their work. Not only are we considerate of your home, but we are also mindful of the environment and use eco-friendly, yet effective cleaning products.
