Natural Stone Fireplace Range

MARBLE HEARTH COLLECTION

At **Marble Hearth** we have adopted a flexible approach to the production of fireplaces and can manufacture to your specification. We are proud to offer an honest personal service with 25 years experience in design and manufacture of fireplaces with related range of quality products.

Selected from only premium materials so, our products do not suffer from being made from inferior marble limestone slate granite. Our range is constantly updated and has been widened to include contemporary design suitable for minimalist setting.

Using only solid natural materials with selected stone, marble, slate and granite, our stonemason work is stood prior to dispatch. Choices of stone include carrara marble, new cream limestone, rosas limestone, slate verde dolomite and granite as well as semi rejio. Each of our materials

necessarily has that characteristic colour variation and making inherent of a natural material all of which adds to the individuality of the finished fireplace.

We can produce your design to your unique specification in whichever colour of stone you may choose obviously everyone has differentials in taste.

Appearance of a stone fire surround will enhance any room, whether period or modern in town and country, and be a centre piece of attraction to the whole family.

All work is carried out by our own trained craftsmen at our modern factory with traditional skills.

Standard Corbel

Large Corbel

Edwardian Corbel

Standard Leaf

Raised Leaf

Georgian Simple

A late Georgian design bringing together many of the details typical of the period. The jambs and frieze are reeded in the neo-classical style, with finely turned roundels. Also available as Regency Simple.

Shelf 1397mm x 191mm
Overall height 1080mm
Width across base 1318mm
Internal opening 890mm wide x 915mm high
Rebate 40mm

Charlotte

Originally dating from the 1830's, this style of mantel was revived by the Edwardians. The frieze spans both the aperture and the jambs, showing the marble to great advantage.

Shelf 1473mm x 228mm
Overall height 1123mm
Width across base 1318mm
Internal opening 890mm wide x 915mm high
Rebate 40mm

Regency Bullseye Demi

This is a modified version of the Regency Bullseye Quadrant. It has simpler mouldings below the roundels and has a plainer foot block with the outer returns providing uninterrupted definition. Also available as a Georgian Demi with reeded jambs and frieze.

Shelf 1473mm x 228mm
Overall height 1080mm
Width across base 1320mm
Internal opening 890mm wide x 915mm high
Rebate 63mm

Regency Bullseye Quadrant

This early 19th century mantel reflects the essential design quality of the era; classic proportions, clean uncluttered lines and perfect balance. The moulded legs and frieze, combined with fine roundels and reeded shelves add up to an elegant whole. Appropriate for Regency or Georgian houses, this fireplace would also fit comfortably with Victorian, Edwardian or present day decor. Available as Georgian Roundel with reeded jambs and frieze.

Shelf 1473mm x 228mm
Overall height 1125mm
Width across base 1344mm
Internal opening 900mm wide x 940mm high
Rebate 63mm

Belfast

The “Belfast” is an imposing design, elegantly crafted and suitable to the larger sized room or for one with a masculine aura.

Shelf 1340mm
Overall height 1070mm
Width across base 1190mm
Internal opening 572mm wide x 419mm high
Rebate 76mm

Tudor

A traditional design which has been re-interpreted in a clean cut contemporary manner rendering it eminently suitable for both period and modern settings.

Shelf 1473mm x 203mm
Overall height 1068mm
Width across base 1320mm
Internal opening 890mm wide x 840 - 890mm highest point
Rebate 90mm

Penally

The “Penally” was designed by MA Granite and Marble Works’ Managing Director Matt Adams with a view of giving an “alternative slant” to the Elizabethan range of fireplaces. Bold and imposing, it typifies the Late Tudor / Early Elizabethan era and works well in a large “Period” lounge.

Sizes on request

Rammelt

Based on an eighteenth century chimneypiece the Rammelt combines flowing reeded jambs with a bold frieze and mantel. As such it would blend happily with interiors of most periods.

Shelf 1450mm x 292mm
Overall height 1120mm
Width across base 1335mm
Internal opening 915mm wide 863mm high
Rebate 127mm

Alice

The Alice appears to be a modern piece though it is actually a Scottish design from Edwardian times. The period detailing appears discreetly in the bevelled edge to either side of the jambs and the top plinth.

Shelf 1422mm x 228mm
Overall height 1123mm
Width across base 1291mm
Internal opening 915mm wide x 915mm high
Rebate 40mm

Arts & Crafts

The Arts and Crafts classical lines are equally suited to period and modern settings.

Shelf 1500mm x 228mm
Overall height 1095mm
Width across base 1316mm
Internal opening 890mm wide at base with a taper of 38mm, 890mm high
Rebate 40mm

James

A modern design combining contemporary proportions with homage to classical detailing. A fluted arch and carved keystone are the key features.

Shelf 1600mm x 254mm
Overall height 1265mm
Width across base 1440mm
Internal opening 950mm wide x 905mm high
Rebate 90mm

Simple

When a really simple surround is required, this design can often be the answer. Its simplicity makes it both cost effective and a stylish frame for a range of different inserts.

Shelf 1320mm x 190mm
Overall height 1098mm
Width across base 1195mm
Internal opening 838mm wide x 890mm high
Rebate 40mm

Gaumont

The Gaumont is a stylish and modern design, specifically aimed at rooms that have a modern decor.

Overall height 650mm
Width across base 1098mm
Internal opening 648mm wide x 450mm high

Volos

The Volos is a stylish design, with a broad chamfer to the sides and top and is supplied with a stainless steel fire frame. It is targeted specifically for rooms that have a modern decor.

Overall Height 615mm
Width across base 1100mm
Internal opening 705mm x 400mm

Grevena

The Grevena offers a quirky twist to the conventional Hole in the Wall fire surround where a ribbon burner can be mounted into the raised plinth.

Overall height 1950mm
Overall width 1120mm
Internal opening 800mm wide x 460mm high

Gaisford

The Gaisford was designed by MA Granite and Marble Works' Managing Director Mat Adams. It is sleek yet simple and is suitable for any modern looking environment.

Overall height 800mm
Width across base 800mm
Internal opening 500mm wide x 500mm high

Dublin Corbel

Much of the Dublin Corbel's architectural finery is neo-classical Georgian, further distinguished by a unique Irish stamp. This substantial piece has mouldings on the frieze and on the jambs running up in to the curved corbels.

Shelf 1676mm x 280mm
Overall height 1205mm
Width across base 1480mm
Internal opening 990mm wide x 990mm high
Rebate 25mm

Catherine

The Catherine has simple jambs with an arched frieze and plain in-ground, perfectly displaying the natural beauty of the chosen stone or marble. Its charming simplicity lends itself to most 20th century interiors.

Shelf 1473mm x 203mm
Overall height 1047mm
Width across base 1320mm
Internal opening 420mm wide x 575mm high
Rebate 40mm

Ritz

A three piece surround with circular rebated profile around the fire opening. Illustrated here in limestone with a limestone hearth.

Overall height 1070mm
Width across base 1320mm
Internal opening 810mm wide x 810mm high
Rebate 40mm

Bolection

The Bolection is a stunning fire surround with beautifully profiled header and uprights. This timeless classic is well suited for most types of living room, whatever the decor.

Shelf 1422mm x 195mm
Overall height 1195mm
Width across base 1235mm
Internal opening 915mm wide x 915mm high
Rebate 30mm

Bolection Simple

The Bolection Simple is identical to its Bolection counterpart except that it has no mantel shelf.

Overall height 1098mm
Overall width 1235mm
Internal opening 915mm wide x 915mm high
Rebate 30mm

Albert

A generous design dating from around 1860. It has extended corbels with a delicately carved raised leaf motif. There is also panelled relief work on the jambs and the prettily arched frieze.

Shelf 1829mm x 305mm
Overall height 1175mm
Width across base 1680mm
Internal opening 950mm wide x 905mm high
Rebate 76mm

Dorchester

This mantel is an excellent example of Victorian grandeur in the best possible taste. Lending importance to any room, it combines robust lines with fine hand worked detailing.

Shelf 1829mm x 305mm
Overall Height 1173mm
Width across base 1646mm
Internal opening 940mm x 940mm
Rebate 40mm

Flat Victorian

A simple design used widely in the mid 19th century. With minimum ornamentation it looks just as good today suggesting tradition without dictating specific style. Not surprisingly it suits contemporary settings too.

Shelf 1423mm x 228mm
Overall height 1123mm
Width across base 1343mm
Internal opening 915mm
Rebate 40mm

Marble Arch

The "Marble Arch" was designed by MA Granite and Marble Works' Managing Director Matt Adams. Inspiration for the design was taken from the famous London landmark of the same name.

Shelf 1625mm x 250mm
Overall height 1200mm
Width across base 1575mm
Internal opening 915mm wide x 915mm high
Rebate 40mm

Claudia

With elegant lines, graceful curves and chamfered edging, "Claudia" would not be out of place in any "Post-War" environment.

Shelf 1220mm x 205mm
Overall height 900mm
Width across base 1220mm
Internal opening 795mm wide x 795mm high
Rebate 75mm

Aston

A simple inverted moulding across the uprights and top. Illustrated here in limestone with a boxed limestone hearth.

Shelf 1315mm
Overall height 1115mm
Width across base 1315mm
Internal opening 915mm wide x 915mm high
Rebate 40mm

Victorian Corbel

The quintessential Victorian marble mantle, which is supplied with hand carved shell corbels. Designs like this, in marble or stone, would be seen in the drawing rooms and other important areas of Victorian houses, usually in combination with an arched insert or with a tiled insert.

Shelf 1600mm x 254mm
Overall height 1173mm
Width across base 1422mm
Internal opening 940mm wide x 940mm high
Rebate 40mm

Curzon

The inverted curve to the frieze of the "Curzon" gives it a feature which sets it apart from the other fireplaces in this range.

Shelf 1330mm x 175mm
Overall height 1105mm
Width across base 1330mm
Internal opening 900mm wide x 885mm high
Rebate 75mm

Forum

The timeless design of the "Forum" affords it the advantage of being "at home" in any setting of any period.

Shelf 1310mm x 160mm
Overall height 1120mm
Width across base 1310mm
Internal opening 890mm wide x 890mm high
Rebate 50mm

Jennifer

The "Jennifer" has an arched frieze and plain in-ground with chased pillars, not only perfectly displaying the natural beauty of the chosen stone but also giving it extra character. Conceptually it lends itself well to most modern interiors.

Shelf 1168mm x 178mm
Overall height 928mm
Width across base 1168mm
Internal opening 788mm wide x 685mm high
Rebate 75mm

Oliver

The Oliver has a strong architectural form which can either blend with a classical setting or form the focal point of a minimalist room.

Shelf 1346mm x 205mm
Overall height 1059mm
Width across base 1220mm
Internal opening 834mm wide x 834mm high
Rebate 90mm

Stonehenge

A really contemporary fire surround. As more and more modern homes are built with working fireplaces, so the need has grown to find minimalist mantels. The absolute simplicity of the Stonehenge shape could be enhanced by the choice of natural stone to give it both character and a tactile finish.

Width 1195mm
Height 1041mm
Depth 203mm
Internal opening 737mm wide x 813mm high
Rebate none

Matrix

The bold symmetry of the Matrix blends the geometry of Art Deco style with contemporary minimalism producing a striking fireplace ideal for the 21st Century.

Width 1111mm
Height 1360mm
Depth 260mm
Internal opening 558mm wide x 710mm high

Important disclaimer:

All types of natural stone are natural materials that have characteristics, colour and marking variations inherent of natural materials. Whilst every effort will be made to match a particular colour or pattern style, such a match cannot be guaranteed. Where possible, all projects undertaken will be worked in a natural stone that is quarried from the same place and at the same time to ensure a consistency of colour and veining.

Sizes quoted in the catalogue are approximate only and together with descriptions are correct at the time of going to press but may be subject to change without prior notice.

Examples of fire surrounds shown are offered in standard sizes. We also offer a made to measure service to suit your own size requirements.
