The Ligneus Mobile Floor Standing A-Frames

Mobile A-frames are an incredibly versatile addition to any retail environment. They are an efficient use of space. A series of slanted tiers maximises display capability within their footprint. This offers great merchandising potential.

They can be positioned against a wall as standard shelving or act as stand alone floor displays. Their mobility allows them to be easily and quickly moved to accommodate a frequent change of layout or demand.

Assembly Information

The floor standing A-frames come pre-assembled however they have been designed to be easily dismantled and re-assembled without compromise to their robustness.

This allows for ease of transportation and storage where required.

Construction guides and list of contents are included with each A-frame.

For display purposes here are the guide and list for the 5-tier frames.

Additional Information

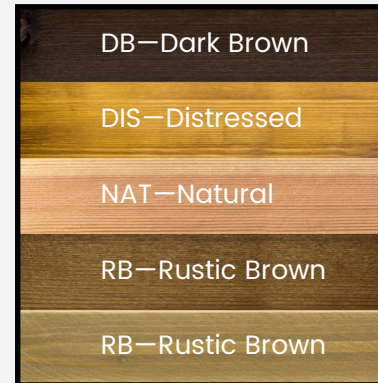

Braked Casters

The A-frames have swivel casters for added mobility. Two of the casters are braked to fix in place.
