## TESTIMONIALS - PLUMBERS IN LONDON

I had booked an appointment with this company with a specific engineer as I was recommended by a friend. However, the appointment got rescheduled for another day as the engineer had a hospital appointment. I was glad he had informed me in advance! Good service!

This company undertook the annual service for my boiler. I asked a lot of questions regarding the boiler system – the technician answered all of my questions in a very polite manner and gave me a lot of additional information.
