Great opportunity to save £605!!!

Manicure & Pedicure

This is very important treatment as it is a base for all other applications.

Content: health, safety & hygiene, consultation techniques, tools and products, manicure procedure, pedicure procedure, relevant massage techniques, nail polish application, aftercare advise.

Fibreglass & Silk

Fibreglass and Silk are great techniques to make your natural nails stronger or to repair them if broken and if applied correctly will look very natural. There's no odour during application and the chemicals used are friendlier. The finished nails are really tough and this system is much easier to remove than the other systems.

Gel Polish Manicure

Fantastic new gel technique, reinforces natural nails, looks like nail polish and wears like gel without the feeling of fake nails. If applied properly gives smooth, glossy finish with no drying time and chipping. Stays perfect on nails for two weeks.

During the course you'll have a chance to use few different brands in including: Gelish, Beauty of London, Daisy and more, all very good quality and popular.

Gel polish application is a very profitable technique, which will boost your earnings!!!

Nail Art

Nail Art is spectacular and fun! You will learn how to create brilliant designs by using these new

techniques. To take one of those classes you need some previous experience in other nail techniques, to gain as much skills and knowledge as possible.

You don't need to be an artistic or very creative person to be able to do the course as everything is being taught step by step from the beginning.

There are many nail art techniques in our offer to choose from, each of them is a separate 1 day training -the choice is yours:

*advanced acrylic with 3D and camouflage will teach you:

-how to use cover pink acrylic powder

-how to do stiletto nails

-how to do 3D acrylic daisies, roses, fruits, butterflies

amazing course for those, who have qualification in acrylic application (clear overlay, white&pink, encapsulation nail art)

*advanced UV gel with acrylic painting camouflage, decoupage, one stroke painting, nail polish nail art and gel polish nail art.

Gel Nail Extension on Tips &Sculpting

Gel nails are very beautiful, easy to learn and give you time to master the design to perfection.

Content:

health, safety & hygiene, consultation techniques, tools and products, nail preparation, tipping and blending, using the nail forms, applying the product on tips and sculpting, clear overlay, French manicure in white and pink gel, shaping the nail, maintenance, aftercare advice, removal of the extension.

Acrylic Nail Training
