# About US

## Our Work

We are an Immigration Law Firm providing an exceptionally high standard of immigration advice and services at very competitive rates. Our team consists of very experienced immigration advisers regulated by the OISC at the highest level (level 3), with many years experience in the field.

We are easily accessible and are based in Covent Garden in central London. Our office is near to Covent Garden, Leicester Square and Holborn tube stations, and there are also various bus routes which serve the area.

Our advisers' through their extensive knowledge and experience are able to offer a personalised service to every client, be it a large multinational company or a private individual. We know that each and every case is important and we always strive to achieve the best possible outcome. Being regulated by the

OISC at the highest level allows us to prepare immigration applications of all types and also to prepare appeal cases and represent clients at the First-Tier and Upper Tier Immigration Tribunals. We are thus a "one-stop" firm for all the services connected to UK immigration.

We work with clients based in the UK and outside the UK. Because of the nature of modern immigration work, which is strongly based on the internet, the fact that we cannot meet a client face to face makes little difference to the way we work. Thus we can prepare immigration applications for clients in any country and similarly we can prepare appeal cases and represent clients at the Immigration Tribunals without the client being in the UK.

Whatever your case and whatever country you are in, we will be able to advise you and assist you.
