HEN DO

PRINTABLE PLANNER

Welcome to Your Nature-Inspired Hen Party Planner!

The Reality of Planning a Hen Do

Let's be honest—planning a hen do can be stressful!

It's hard to get everyone to commit (and then actually pay up)

Group chats go silent when you need a quick answer, so you risk missing out on the best venues or activities

Costs can spiral and it's tough to keep everything fair and affordable for all
Juggling bookings for food, accommodation, and activities across town is a logistical headache

There's always that worry: what if a supplier cancels or simply doesn't turn up? (It happens more than you think!)

Did you know?

The average UK hen weekend now costs each guest around £250-£350 per head (2025/26). That's a big ask—and a lot of pressure on the organiser.

How Wild Harvest Makes It Easy

- Book with just a deposit to secure your dates and activities
- Spread the payments so you're not chasing everyone for cash at once
- Stragglers can add themselves on later—no stress if someone's late to commit
- Everything's in one place: Accommodation, activities, and food all sorted, so you're not running across town or juggling suppliers
- Reliable, experienced team: 20 years of running hen parties—no last-minute let-downs

Take the hassle out of planning. Focus on the fun, not the faff!

At Wild Harvest, we believe your hen do should be unforgettable, affordable, easy to sort and eco-friendly.

Our mission: help you create magical memories that don't cost the Earth.

Whether you're dreaming of a boho tipi retreat, a festival-style weekend, or a creative escape surrounded by nature, you'll find inspiration and practical tools inside this planner.

Ready to plan a hen party that's fun, sustainable, and totally YOU? **Let's get started!**
