Quotation Full Itinerary

DAY 1: NAIROBI – LAKE NAKURU NATIONAL PARK

JAMBO - KARIBU!! Our representative will warmly meet you upon arrival and then we depart to Lake Nakuru National Park. Across the equator, lies the Rift Valley's most famous lake. It is known all over the world for its flamingos, its alkaline and recognized as being one of the natural wonders of the world. Lake Nakuru is now a rhino sanctuary, harbouring a population of over 40 black and over 60 white rhinos. However, flamingos have always been the main attraction. At times there may be almost 2 million flamingos in residence, forming a stunningly beautiful deep pink band around the edge of the lake shore. You'll arrive in time for lunch then go for an afternoon game drive.

DAY 2: LAKE NAKURU NATIONAL PARK – MASAI MARA NATIONAL RESERVE

You'll have an early morning drive to Masai Mara National Reserve. It holds on as one of the few places left on earth where wildlife still lives comparatively undisturbed, in the numbers that once roamed the plains and forests of Africa. As the northern tip of the vast Serengeti ecosystem, the Mara hosts the spectacular seasonal migration of many thousands of wildebeest, zebras and attendant predators. You'll arrive in time for lunch and then go for an afternoon game drive.

DAY 3: MASAI MARA NATIONAL RESERVE

You'll have one full day in the Masai Mara with a flexible schedule and unlimited mileage. After breakfast, we will have a full-day game drive with packed lunch provided. The reserve is well known for its black-manned lions as well as its abundant resident wildlife. It's one of the few places where it's possible to see the Big Five during a morning game drive. Many of the cheetahs are so tame that they seek shelter from the hot sun under one's vehicle and several even climb onto the roof to get a better view of prospective prey. For the bird enthusiast, almost 500 species have been recorded. Among these, 16 species of eagle, plus many hawks and falcons, 6 species of vultures, 8 species of storks, 4 species of bustard (including the Kori bustard, the world's heaviest flying bird), and 9 species of sunbirds.

DAY 4: DEPART

You will have an early morning breakfast you'll check out and depart for JKIA for your onward flight back home. Not empty handed though. With us are photographs – a capture of the special moments we have had on this tour to immortalize the experience.
