Services

Simpex Express Limited has been providing a wide range of freight services since 2009, offering Road, Air, Sea and Customs Clearance across the globe.

At our core, 'we move freight quickly' and help support a diverse range of businesses with varying needs.

Industries that we find ourselves involved with regularly include:

AOG (Aircraft On Ground), Artwork, Auto Parts, Computer Equipment, Exhibitions, Fashion, Hazardous Goods (Classes 1-9), Just-In-Time Operations, Machinery, Music Events, Packaging, Pharmaceuticals, Printed Matter, Ships' Spares

We work with major brands, SMEs and other transport companies, to provide ad-hoc, regular or contractual support, exactly when it's needed.

As a client, you can expect:

> Quick pricing

> High attention to detail

> Efficient communication

> Reliability

> A professional and knowledgeable team to work with

> Access to the best availability across all modes utilising our strength of contacts

We've been recognised at various transport awards ceremonies for our European services, including the BIFA Freight Service Awards (European Logistics Award), Transport Exchange Group Awards (European Member of the Year Award), and the Multimodal Awards (Road Freight Operator of the Year Award).

European Express

Our Express services are what we're known for. We've been used by over 1500 clients to meet their challenging transit time requirements, safely and securely delivering to keep their business moving. We provide dedicated vehicles to and from all parts of Europe, including:

TYPE	TYPICAL LOAD DIMENSIONS	TYPICAL PAYLOAD
Small van	140 x 100 x 100cms	500kgs
Sprinter van	420 x 170 x 175cms	1,100kgs
Luton van	420 x 210 x 220cms	1,000kgs
7.5tonner	600 x 240 x 230cms	2,800kgs
12tonner	770 x 245 x 240cms	4,000kgs
18tonner	770 x 245 x 250cms	9,000kgs
Articulated trailer	1360 x 245 x 270cms	24,000kgs

Speed

A single vehicle direct from collection to delivery in the fastest possible time.

Useful for: Line-stoppers, just-in-time operations or aircraft-on-ground situations.

Time-specific

Collection or delivery at a specified time where the risk is too high using a vehicle with other work planned.

Useful for: Exhibitions/Events, store fit-out to meet fitters, restricted access sites.

Specialised vehicle

We provide many different facilities such as tail-lift and pallet truck, sliding roof, temperature controlled, ADR/Hazardous carriage equipment.

Useful for: A lack of loading/unloading equipment, temperature sensitive cargo, dangerous goods.

Security

Box or curtain sided, sealable, satellite tracked, alarmed, single or double-manned, direct driver contact.

Useful for: High value cargo, irreplaceable items, high-consequence situations.

*The above are offered as a guide only. Dimensions and payload will differ from vehicle to vehicle.

Dedicated Express

Vans, 7.5, 12 and 18tonners provided on time-critical, time-sensitive and/or high-security movements.

Semi-Express

Developed in 2015 and remaining unique in its reach and service-type, our semi-express service provides 'part-van' options with near-dedicated transit times to 26 European countries daily.

24 hours to:

Belgium
France
Germany
Ireland
Netherlands
Scotland

48 hours to:

Austria
Czech Republic
Denmark
Northern Italy
Poland
Spain
Switzerland

72 hours to:

Bulgaria
Croatia
Estonia
Finland
Latvia
Lithuania
Norway
Portugal
Romania
Slovakia
Slovenia
Southern Italy
Sweden

UK Road Transport

A full range of dedicated vehicles offered at short notice, from a single collection and delivery, through to nationwide multi-drops

For smaller consignments suited to man-and-van type service, we can typically place a vehicle for collection within 1 hour, anywhere in the UK, giving time-critical solutions, quickly.

This is offered 24 hours a day, 7 days a week with a dedicated out-of-hours line.

We regularly cater for:

- > Double-manned requirements
- > Hazardous goods
- > High-value goods
- > Same day collection/delivery
- > Next day delivery
- > Tail-lift collection/delivery
- > Temperature controlled goods
- > Time specific collection/delivery
- > Warehouse requirements such as storage, packing and consolidation

Warehousing

Our warehouse at Birmingham Airport can be used for either long- or short-term storage and is ideally located within close reach of The National Exhibition Centre where we're often engaged to ensure on-time collection and delivery for shows and events.

Customs Documentation & Clearance

Working closely with our sister company Samphire Customs, we provide bespoke, cost-effective customs processing on both sides of the Channel, at all major ports and airports worldwide.

With their strategically located offices in Dover (UK) and Lesquin (France), clearance for exports using the smart border is beneficial for businesses looking to accelerate their cross-border shipments from the UK to the EU.

Our long-established and highly knowledgeable team are on hand to deliver advice and guidance to ensure your cargo isn't delayed, your records are compliant, and any duty/VAT is accounted for correctly.

By having this operation in-house within the group, we prioritise our clients' cargo and ensure a streamlined service from start to finish.
