

Fire Marshal / Warden Training

The Course aim is to enable staff to manage a fire or other similar emergency efficiently and effectively to meet the legal requirements to train staff. This course has been designed with the core aim of creating a confident person to take charge in an emergency.

Introduction

This is a 3 ½ – 4 hour course, designed to enable employers to have competent people available to respond positively to an emergency, which may be created by a fire, gas, explosion or other emergency. Both fire safety and general health & safety duties require employers to prepare and plan for such eventualities. The course syllabus is as required under the Regulatory Reform (Fire Safety) Order 2005

Duration

Half Day

normally 9:00am – 1:30pm

we are flexible with Start times to accommodate the needs of your business. Please feel free to discuss your timings with us.

Who should attend the Fire Marshal / Warden Training Course?

Fire Warden Training – Persons that are nominated to be a Fire Warden and people with specific fire safety roles in their workplace. This course is for staff with a designated responsibility as fire warden or fire marshal, and provides the skills and confidence that will allow them to carry out their duties relating to fire safety and emergency procedures. The number of fire wardens that your organisation requires depends on the building design and use. In addition you should train extra staff to cover for holidays and illness.

Where Can I attend the Fire Marshal / Warden Training Course?

We can deliver 'in house' training at your Business venue and can provide you with a competitive price for group training. We can deliver any of the above courses at your place of work. The 'on site' training option is particularly cost effective for Companies that have several people requiring training at the same time (usually 6 or more people). In addition to this there are many other benefits to arranging a first aid training course 'on site':

- *Choosing your own venue gives greater convenience.*
- *Travelling and accommodation costs can be reduced or removed.*
- *A greater choice of course types are available.*
- *The course content can be tailored to your exact requirements.*
- *Businesses and Organisations can choose a suitable time to run their course.*
- *Courses can be run anywhere in the UK*

Course Aims

The course will give the candidates the competence and confidence in their role and responsibilities in a fire evacuation situation and to deal with a fire effectively. The course will present an insight into fire regulations and general fire precautions. It aims to provide you with the knowledge to be become a fire marshal. This course can be tailored to meet the requirements of any work environment.
