umbrellas with distinction

## Introducing a superior quality of shade.

Shadowspec's range of umbrellas provide class and style to outdoor settings in any location. With over 25 years' experience specialising in shade and protection products, Shadowspec have built-up an unparalleled product range with a reputation of real value - supplying world-leading designs and durable quality that lasts.

Shadowspec outdoor umbrella canopies are constructed from marine-grade materials including stainless steel and solid-mould aluminium. Our large range of stock and custom fabric colours all provide high UV sun protection, are water-repellent, mould-resistant and colour-fast. Our refined, effortless shade systems are here to help you sculpt your outdoor space into an iconic, warm and welcoming space.

## SHADOWSPEC UNITY™

### The Evolution of Shade. Innovative, modular and exclusive.

The Shadowspec Unity™ has been crafted with premium-grade aluminium and stainless steel to provide you with an umbrella that stands up and stands out.

Every component is designed and engineered to survive in the wild. Taking inspiration from nature, this flagship model is easy to open and looks stunning in any outdoor setting. It's an outdoor shade solution perfect for hospitality or home.

The Shadowspec Unity™ sits squarely (or octagonally) in a class of its own. You'll find no antiquated crank handles, cables or internal moving parts that create a laborious process and are prone to breakage.

You'll continue to be inspired by this brilliant, modern and modular outdoor shade umbrella. The needle-shifting features get better with every open and every new discovery of innovation you make.

SHADOWSPEC **SERENITY™**

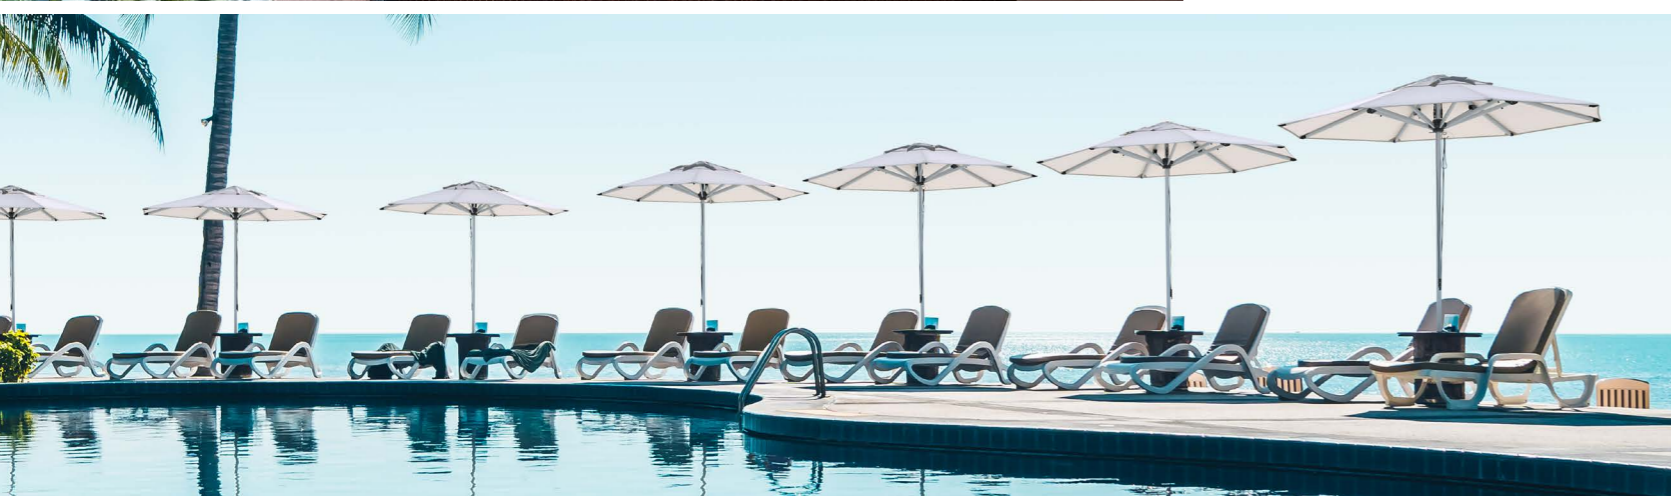

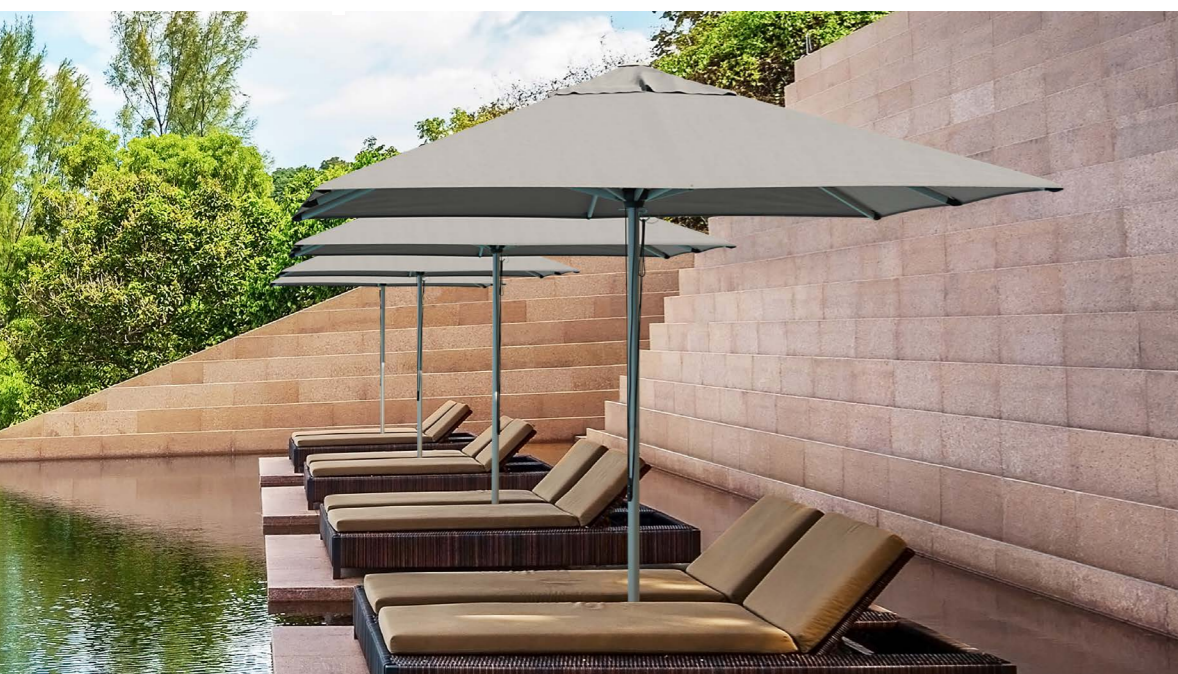

### Precision Engineered Ambience Effortless Protection for Prestigious Spaces.

The Shadowspec Serenity™ has been designed with careful consideration and consistency. The technology we've developed works in perfect harmony to give you the most advanced umbrella deployment system in the industry.

We're committed to evolving and innovating and our patent-pending technology is a prime example of that, giving you the ability to open or close the Serenity™ in just 3 seconds. The umbrella has been designed to be ready to go right out of the box; install it anywhere in your outdoor space and get the instant benefit of a rotatable shade solution.

## SU2 CAFE & RESORT UMBRELLA

Stylish, resilient and individual.  
**Ideal hospitality shade.**

The SU2 Cafe & Resort Umbrella is strong and durable and easy for anyone to operate.

It is the perfect commercial outdoor umbrella solution for the hospitality industry, offering protection from the sun and the rain, while adding style, class and extra functionality to an outdoor space. Installing a shade umbrella is an investment in quality that will enhance your property for years to come, while maximising under or un-utilised spaces.

The SU2 Cafe & Resort Umbrella is available in a variety of canopy shapes, sizes and colours, with both Surface Plate and Portable Base fixing options.

It can be fully customised and branded with your logo & branding, providing additional exposure opportunities for you.

## SU3 WALL MOUNTED UMBRELLA

Adaptable, modest, and convenient.  
**Versatile shade for unique spaces.**

Our wall mounted SU3 umbrella rotates, tilts and extends. The SU3 is designed for small and unique spaces and can be mounted on posts, pillars and beams giving you the flexibility to sculpt the shade to suit your needs.

Cover your patio, balcony, deck or courtyard. The SU3 can be folded down, covered or put away for storage when it's not required. If you've got an outdoor nook that needs shade to finish it off, then the SU3 is here to create a unique outdoor experience for you and your guests.

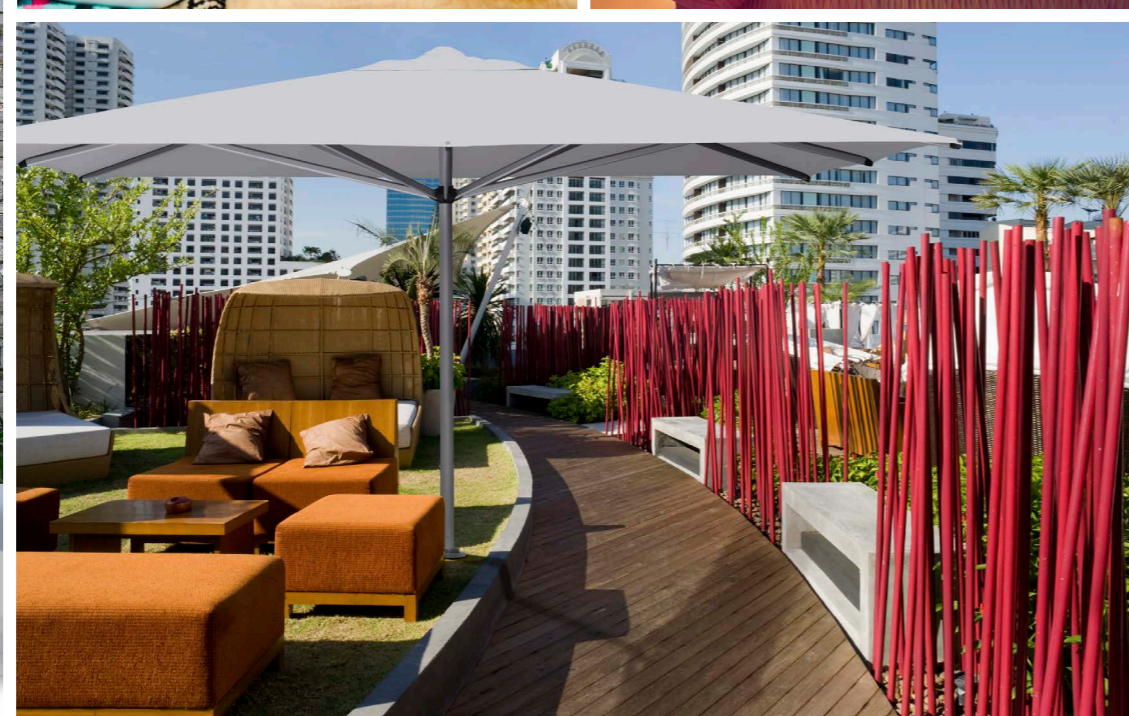

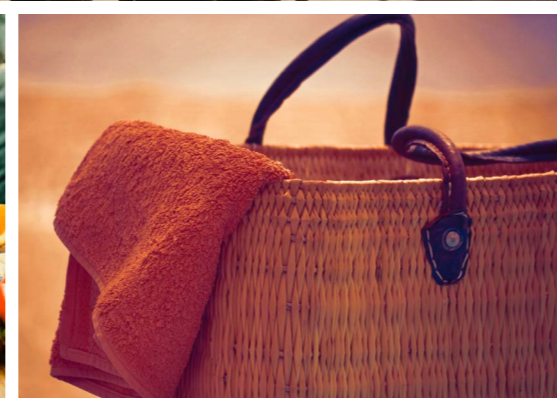

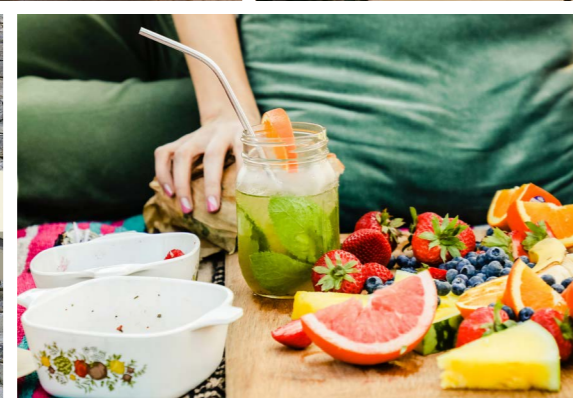

## SU4 TILTING OFFSET UMBRELLA

Refined, functional and adaptable.  
**Simple shade with clever capabilities.**

The SU4 is our easy-to-use offset umbrella, it's shade that moves with you. Offset your shade to create a social environment in your outdoor spaces, open-up the conversation with clear sight-lines for an intimate and practical experience.

Match your existing ambiance with a variety of shapes and colours designed to blend in or even, stand out. Engineered to provide effortless shelter for all environments, the SU4 is the perfect patio partner for your home, café or restaurant.

# SU10 COMMERCIAL CENTRE POLE

Tough, generous, and practical.  
**Heavy-duty protection for enduring spaces.**

The SU10 Commercial Umbrella covers a wide range of applications, from dining al fresco to an exclusive poolside setting and everything in between. The heavy-duty commercial design of the SU10's large sizes allowing each umbrella to cover a substantial area when opened, minimising the number of umbrellas while maximizing the shaded area.

The telescopic mast design allows the SU10 to close above the standard height of furniture. This large umbrella is available in multiple sizes and configurations, with Surface Plate, In-ground Anchor or Portable Base mounting options.

Accessories can be added such as connecting rain gutters for adjoining umbrellas. The SU10 is a perfect shade solution for your dining area, ready to provide relaxation and shade and weather protection year-round.
