Poultry at Mantel Farm

Poultry: We have a selection of poultry, available throughout the year. There are many breeds available with various feather colours, markings, egg colours and characteristics. Supplying vaccinated 'point of lay' hybrid hens and Pekin Bantams we can also supply hatching eggs from our small selection of traditional breeds.

Equipment: Very basic equipment can be sufficient to keep a few hens, from the most basic plastic to long lasting metal feeders. This equipment can make the day to day routine that little easier to suit each and every situation. We also offer a range of poultry treatments and tonics, along with a large selection of sundries.

Feed: Our animal feed and bedding comes in a wide range of sizes to suit your needs, from small 1.5kg or 5kg bags, perfect for 1 or 2 chickens, to large 20kg sacks for much larger and much hungrier flocks. Customer loyalty cards available.

Housing: We aim to be able to supply a set-up to suit all situations, from a small basic back garden enclosure to more elaborate or large scale keeping. We have in stock a large selection of housing for you to see, take away (or have delivered), from small broody coops to large stand-alone houses with walk in chicken runs.

Training Courses: We hold regular training courses on our farm, including Chicken Keeping Courses. Our relaxed, informal courses provide an informal session spent with others interested in your chosen subject. You will come away with a wealth of information and a useful pack of course notes

Chicken Boarding:

"Chickens come to stay while you go away!" Est 2007

Why not book your Chickens in for a holiday of their own and go away relaxed, safe in the knowledge that they are being well cared for, totally secure inside our barn, in one of our purpose built holiday pens. Bringing your birds to board with us means leaving your well loved family pets, or smallholding flock in the capable hands of those who know about poultry.

Shop Opening Hours

Friday and Sunday 10am-4pm

You can also pre-purchase items online for collection during the above hours.

Local delivery service available, national delivery for most online orders

Contact us

Please do not hesitate to contact us for further information.

If we are unable to get to the phone we are probably either with customers or with our animals, so please leave a message or email and we will call you back as soon as possible:

Telephone: 01424 830357 Email: info@mantel-farm.co.uk

Directions

From Catsfield Village take Church Road (opposite the village shop and pub). Stay on this road for approximately one mile, going past the primary school and church, leaving the village and continuing past 'Potmans Lane' on your right. Continue until you see the Henley Down sign post where 'Watermill Lane' goes off to the right; keep left and after about 100 yards turn right between two brick piers. We are straight ahead.

About Mantel Farm

Mantel Farm is on the outskirts of the historic town of Battle in the hamlet of Henley Down, between the villages of Catsfield & Crowhurst in East Sussex. It has been a poultry farm since the 1940's, originally producing poultry and eggs to the commercial market.

When we purchased the farm it had ceased trading for a number of years, but it soon became our dream to not let this agricultural premises lay idle but to return it to its intended use, although on a smaller scale

Mantel Farm is now a family run smallholding shop and chicken boarding service in the heart of the countryside selling Beekeeping Equipment, Poultry, Animal Housing, Runs, Animal Supplies, Feed and Equipment.

Our aim is to support our family in as self sufficient and sustainable way as possible, we run a small scale family business, only selling products we have used ourselves and animals we have experience in keeping.

We now have many breeds of poultry, along with beehives and small families of ducks, rabbits, pigs, geese and goats.

We welcome you to come and have a look at the animals, browse our shop or ask our advice.

We are happy to talk to you and encourage you to try this special way of life, either by enjoying the pleasures of keeping livestock, growing your own food or by simply buying local produce.

We hope we can show you that you don't need a farm to keep animals, any reasonable sized garden can be home to a few hens for really fresh eggs, a hive of bees for honey and only a small pig paddock is needed for your own tasty pork.
