### About TK snax

I set up TK snax to serve the Gosport Ferry and Bus travellers. I have been making Tamales for sale on line for a few years and needed more kitchen space. The old Coffee Dock café had been closed for several years and looked like it had the space I needed, so with some help from Gosport Council I have taken a lease.

The Brief was to make my Tamales and run the Café, I wanted to supply tasty food to everyone who passes my door or not (the adventurous ones come in and try) and generally once they have tried they come back and try something else.

So I make a large range of filled rolls and pockets for the person on the go, or very tasty Caribbean, Belizean and Latin American food for people who have some time to sit down and enjoy or take away. My wife comes from Belize whose food is a fusion of Mexican and Caribbean with a dash of Mayan, and tastes great. All the food is cooked on the premises to traditional recipes with authentic ingredients, so you will get food tasting as close as it can to food from Mexico or the Caribbean..

My other speciality is Pulled Pork, I have been inspired by Man v Food and the succulent juicy fall apart meat that is achieved by very slow cooking in a mix a spices is proving very popular, and I really can see why, its delicious, I slow cook the meat overnight then season the meat with tasty sauces spiced up to one of the many recipes I have collected over the years. So if you want to enjoy some great food with TASTE you know where to come.

If you enjoyed your eating experience please leave a review on Trip Advisor.
