About Us

Go Modular was established with the vision of designing bespoke modular buildings, garden rooms and eco spaces alongside our aim to design, develop and install eco-friendly buildings that are built to last, sustainable, and available to everyone.

Our Story

Go Modular takes pride in building bespoke modular buildings, garden rooms and eco spaces that are built to last a lifetime.

We have a committed team within our manufacturing facility located just outside Portlaoise, Co. Laois who design, manufacture, build, deliver and install our superior range of bespoke modular buildings and rooms so that you can make the most out that precious space that you can turn into a living space, garden office, home gym, therapy room, yoga & pilates fitness studio, workshop, playhouse ... the possibilities are limitless.

Bespoke Custom Design

From the single room designs right through to the more complex spaces that include plumbing and heating, we can offer a complete bespoke custom service. You can determine every single aspect of your build. The possibilities are limitless.

Garden Hot Tubs

Relax & immerse yourself in the luxury of a custom built garden hot tub. Enjoy the unique experience as you create memories that will last you a lifetime.
