WHY KONSISE FOR TAX MANAGEMENT?

SIMPLE TO START, EASY TO MANAGE

Konsise mirrors your existing tax structures and only takes a few minutes to configure. The intuitive design is easy to use for anyone who is responsible for tax filings, for any country, from anywhere in the world.

MULTIPLE TAX TYPES IN ANY COUNTRY

No matter the number of taxes your organization is expected to file, and no matter the number of countries in which you are expected to file them, it can all be managed in a single place that is easy to use.

STAY AHEAD OF DEADLINES

Tax regulators aren't known for their flexibility of deadlines, which makes reminders and tracking of work even more important. Konsise helps you to manage all tax deadlines, upcoming tax work requirements, from anywhere.

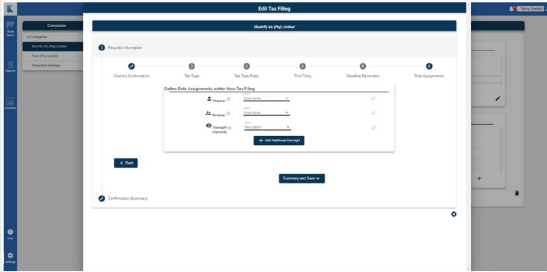

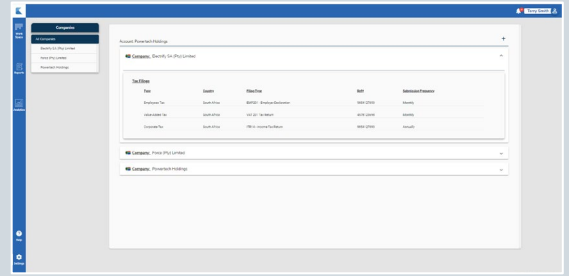

STORE EVERYTHING YOU'LL EVER NEED

Have you ever tried to find your organisations tax filings from 5 years ago and couldn't? Konsise helps you keep all your working papers, submissions, audits and other tax related information and documents in a single secure location which is accessible from anywhere, all of the time.

KEY PRODUCT FEATURES

LEGAL STRUCTURES

Legal entity structures that mirror the country or countries in which your organisation operates.

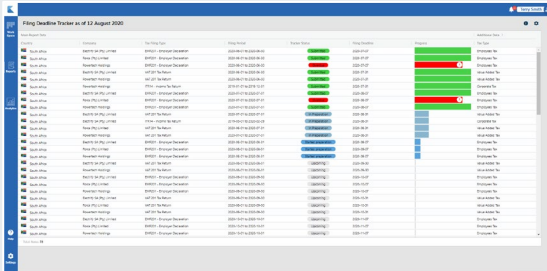

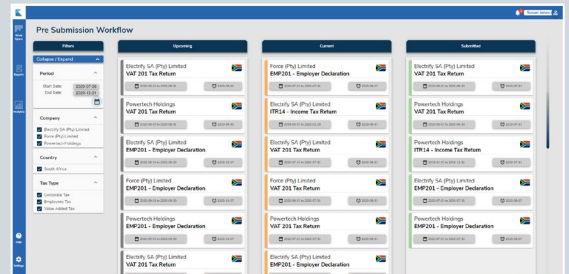

ROLE BASED TASKS

Assign role-based tasks to a single person responsible for filing tax, or multiple specialists who could handle each tax type.

SEAMLESS SIGN OFFS

Seamless sign off with the ability to move filings through the workflow process from preparer to reviewer and ultimately the approver, ensuring the right person knows what they need to do and when they need to do it.

DEADLINE MONITORING

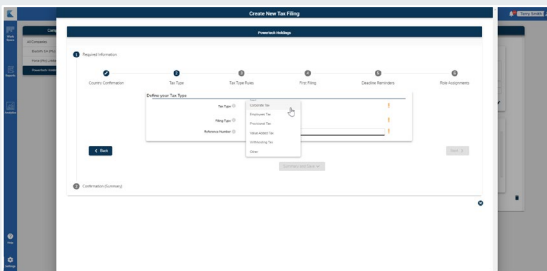

Track and monitor deadlines in a logical tax workflow.

CENTRALISED STORAGE

The integrated cloud-based storage ensures that all relevant tax documentation and files are saved with each filing for easy and logical future access.
