

Kentish Flooring Centre

With a wide selection of flooring styles and brands, we have the flooring solution for you.

Based in Kent, with 25 years of experience, we work from a small friendly team. We pride ourselves on brilliant customer service. We know you want the best for your home or office and strive to do just that for you.

Flooring Types:

Carpet Floors

We have a range of high quality carpets in a variety of colours to suit any home.

Engineered Wood Floors

Engineered wood is a versatile and resilient flooring option, perfect for high traffic area. Made of hard wood veneer they are easy to keep and give your home a modern look.

Laminate Floors

Laminate floors are hard wearing and have a hard top layer protecting the floor from stand and smudges. They also resist UV light exposure so you can trust your flooring to look great for years to come.

Luxury Vinyls

Vinyl Flooring is highly durable and stand up well to heavy foot traffic areas. It is comfortable underfoot and reduces noise, which is great for pets and children. Our luxury vinyl collection will make your home look great for years to come.

Solid Wood

A great interior choice, solid wood floor have no fibers or embossing where dust can get trapped, so they stay looking clean for far longer than other flooring types. This also means they are a great solution for allergy sufferers. This high quality style, will make your home look amazing.
