

NEED EXPERIENCED IT SERVICE AND ADVICE?

A company that does preventative maintenance, rather than constant re-active, emergency break-down response services?

Contact the IT support company near you, IT Near U

We upgrade, install, improve, trouble-shoot and advise on your IT

- ✓ We offer preventative maintenance plans,
- ✓ Provide "true" managed IT services,
- ✓ Implement turnkey business solutions,
- ✓ Assist with new business IT setups.

We have flexible billing options:

Ad-hoc, per hour or SLA retainer. We offer support, training & advice on all your IT requirements. We manage your IT. We advise and translate IT for you.

We offer support, implementation and training for:

- ★ Microsoft 365 business & google workspace
- ★ E-mail, cloud data services
- ★ Sharepoint, teams support, CRM, projects
- ★ Domain registration & website design
- ★ Data recovery, migration & backups
- ★ Disaster recovery plans & procedures
- ★ WiFi mesh install & improvement
- ★ Network trouble-shooting & improvements
- ★ PABX phone, VoIP systems
- ★ Servers, both virtual & physical
- ★ General IT security improvements
- ★ Forensics & hack prevention
- ★ Social media, SEO, web-site assistance
