

SAN FRANCISCO, CA - 06/14/2018 (PRESS RELEASE JET)

Beauty Reborn Technology, an online e-commerce multi brand store focusing on beauty gadgets was recently launched. The website beautyreborn.net is dedicated to providing the hottest and most affordable beauty and professional skin care related devices for personal home use. Their products target primarily on anti-aging, fat reduction, slimming skin cleansing and tightening, wrinkle and pigmentation reduction, pore and tattoo removal, hair growth and removal.

"There are no ugly women, only lazy ones" and "customers should be able to buy the latest beauty tech products at value for money " is the central theme for the team at Beauty Reborn Technology. The company provides worldwide free shipping, up to 50% discount on selected items, 100% money back policy and a 1 year guarantee on all its items. They have a strong focus on customer service due to the nature of their products.

Start experiencing safe and effective results at the ease and comfort of your home with salon grade devices utilising the latest light and micro current technology similar to what's available at the dermatologist's office or the spa but without the expensive bill.

About Beauty Reborn Technology - the premier online portal for beauty gadgets

Beauty Reborn Technology is an online e-commerce multi brand store dedicated to providing affordable beauty care gadgets for home use. The business was founded by a team of young millennial moms that desire for better, faster and stronger beauty devices that they can comfortably use at home with privacy, without the expensive invoice from beauty salons and spas.
