Letter of Recommendation for 4U Removals

We have used 4U Removals on many occasions over the last year as we have moved office locations and office furniture around East Sussex and Brighton & Hove.

Daniel and his team work very hard. Their timekeeping is good; they are reliable and always willing to help out with jobs that may not have been in the original request.

Their costs are reasonable

4U Removals are unfailingly polite and friendly and we would not hesitate to use them again.
