

Welcome to Camelott Digital

We're a digital technology specialist with a difference: our focus is to innovate learning and development in nurseries and preschools. That's why we're excited to introduce the Camelott Touch Table, a revolutionary new tool that has the potential to bring more collaborative learning into your nursery. It's also great for giving presentations, streaming from the internet, delivering staff training, and has the added benefit of an evolving ecosystem of apps which currently number in the thousands.

Why choose Camelott's Touch Table?

Touch Table is a professional learning tool that gives children access to a more interactive learning environment and brings presentations to life.

Mobile, stable, and intuitive, here are some of the reasons you should trust our Touch Table:

- ◎ Camelott's Touch Table is one of the highest quality tables on the market
- ◎ Includes free access to eight premium Yellow Door apps
- ◎ No camera means your children's privacy is well-guarded
- ◎ An in-built "App Lock" means children can't navigate away from designated safe areas
- ◎ True collaborative learning

Learning in a Touch Table environment

Touch Table brings an evolving suite of educational options to your classroom that lets children learn through play and exploration. **It includes the following versatile features:**

- Adjustable tilt and turn for varied use
- Touch Table uses the most responsive and sensitive commercial touch tech available
- A superior image quality which shines brighter than any domestic television on the market
- Camelott's Touch Table can come installed with both Windows and Android operating systems
- A commercial grade screen which is built to run 24/7
- Built in WiFi means you never have to worry about connectivity issues
- Lockable wheels and a design that makes moving and storage easy

What's next?

Camelott's Touch Table is hugely cost-effective, retailing at just **£17 +VAT per week**. Furthermore, it's a recognised and approved educational aid, meaning it is eligible for government funding, and comes with a **five-year guarantee**.

This puts an exceptional tool within the reach of most nurseries, preschools, and other early education providers.

To learn more and arrange a free Camelott Touch Table demonstration, please contact us at sales@camelott.co.uk or call 0843 886 8680.
