DAY 1

Puerto Maldonado City - Collpas Inn Lodge

We will start on the morning time and pick you up from your hotel, we will have 1 hour by minivan, the first part will be by the high way and the second part will be in a dirt route until we get to the Tambopata River near the limit to the reserve. Our boat will be waiting for us to take us 25 minutes up the Tambopata River to get to our Lodge near to Chuncho Clay Lick, we will have good chances to spot capybaras and many shorebirds along the riverbank, getting to the lodge we will get a welcome drink and the manager will explain us all we need to know about our lodge and its around. After lunch, we will go for an introductory walk in first in a secondary growth forest and then in a primary forest full of huge trees and lianas and vines, at the same time, we will talk about the most important economic activities in this region. Chances to spot some Brown capuchin monkeys and squirrel monkeys will be always possible.

When it is getting dark, we will come back to our lodge to get our torch and go to our boat and we will do one of the most exciting activities... it will be the Cayman spotting, we will go to look for White and black Caymans along the river bank with a big spotlight, we might see more capybaras and we always have good chances to spot and ocelot or a jaguar by the river too.

DAY 2

Collpas Inn Lodge - Chuncho Clay Lick

We will wake up around 5:00am, we will get a hot drink to get some energy and we will take our boat up the Tambopata for 1 hour and 30 minutes. Crossing the check point. We will have all the sunrise just for us in the boat, and we will have really good chances to spot shore birds, capybaras, White caimans, and why not to mention ... A jaguar, I like to say it, we have a 20 %of probabilities to see one of these guys by the river bank.

Getting to our destination, we will get a show at the Chuncho Macaw Clay Lick, parrots and macaws: Green, red, blue and yellow birds all around us, flying and making loud noises, it will be spectacular this behavior of this birds. We will explain you the reason why every day the whole year around these birds go to the Cliff to eat clay. We will spend from 6:30 am to 11:00 am approx. Our breakfast will be in front of the Chuncho Macaw Clay Lick Tambopata.

At the end of this activity, At Chuncho Macaw Clay Lick Tambopata, we will take our way down river to the lodge we will make a short stop in the check point and continue toward our lodge to get an unforgettable swimming in the stream or may be in the Tambopata River.

We will get our lunch, have some time off and then in the afternoon we will go to do some navigation along the Tambopata River or a small stream, this is a very beautiful experience paddling by yourself.

We will go back to our lodge and then in the evening, before or after dinner we will have a night walk, the sounds at night, the insects, spider, tarantulas, frogs and maybe snakes will make this night hike something difficult to forget.

DAY 3

Tambopata Reserve -Return Puerto Maldonado City

We have breakfast at Collpas Tambopata Inn and then go for a walk to a lake inside the Tambopata national reserve, the name is Lago Quiroz, it is a lake full of alligators, fish and also now lives a group of giant otters. It is a place full of exotic birds, excellent for taking photos. Lunch Then we have to pack to finish the tour and return to the city of Puerto Maldonado.
