Company Overview

Expert Tutor is an innovative online learning and tutoring platform that connects students with qualified tutors through personalized one-to-one online learning experiences. Designed to make quality education accessible from anywhere, the platform supports students across a wide range of academic subjects and educational levels, including GCSE, A-Level, university, and professional learning.

Founded by **Nas Malik**, an education professional and mathematics specialist with more than 20 years of teaching experience, Expert Tutor was created to make trusted academic support more accessible, flexible, and effective. The platform combines educational expertise with modern technology to deliver engaging, interactive lessons that help students improve confidence, strengthen subject knowledge, and achieve their academic goals.

Expert Tutor enables students to easily search, compare, and connect with experienced tutors based on subject expertise, qualifications, availability, and teaching style. Every lesson is tailored to the student's individual learning needs, ensuring a personalized educational experience that delivers measurable progress.

Beyond supporting students, Expert Tutor empowers educators with the tools, technology, and flexibility needed to build successful online tutoring careers. Through secure virtual classrooms, interactive whiteboards, progress tracking, flexible scheduling, and curriculum-aligned teaching, tutors can provide high-quality learning experiences while reaching students worldwide.

With a mission to transform education through technology and personalized learning, Expert Tutor continues to build a trusted global community where students, parents, and tutors can learn, teach, and succeed together.

2. OUR STORY

Expert Tutor was founded after years of direct experience working with students, parents, and schools across Scotland.

During this time, a common challenge became clear: families often struggled to find qualified tutors who could provide personalized support and measurable academic progress.

To solve this problem, Expert Tutor was developed as a modern digital learning platform where students, parents, and tutors can collaborate in a secure and transparent learning environment.

Supported by the University of Strathclyde Inspire Hub; Expert Tutor combines educational expertise with technology to improve learning outcomes.

3. OUR MISSION

To empower students and educators through a flexible, interactive, and personalized learning platform that makes quality education accessible to everyone.

4. OUR VISION

To become a global digital academy where students can access world-class education from experienced tutors, teachers, university academics, and industry professionals regardless of geographical location.

We envision a future where learning is personalized, accessible, engaging, and available to anyone with an internet connection.

5. THE PROBLEM WE SOLVE

Students face several challenges when seeking academic support:

- Difficulty finding qualified tutors
- Limited access to subject specialists
- Lack of personalized learning
- Inconsistent tutoring quality
- Time and travel constraints
- Limited progress tracking
- Poor communication between tutors and parents

6. OUR SOLUTION

Expert Tutor provides a centralized learning platform that connects students with experienced tutors and interactive learning tools.

Students can:

- Search and compare tutors
- Schedule lessons online
- Learn from anywhere
- Access personalized learning plans
- Track academic progress
- Receive one-to-one support
- Improve confidence and performance

7. KEY FEATURES

- One-to-One Online Tutoring
- Interactive Virtual Classrooms
- Digital Whiteboard Technology
- Real-Time Audio and Video Sessions
- Flexible Scheduling
- Personalized Learning Plans
- Progress Tracking
- Secure Communication Tools
- Homework Support
- Exam Preparation
- Subject-Specific Learning Support
- Tutor Profile Verification

Academic Excellence, Redefined

We do not merely teach the subject at Expert Tutor, but develop expertise. Our educational portfolio cuts across the fundamental subjects that define thinking power and academic excellence. Each lesson is carefully designed in such a way that it makes conceptual clarity, curriculum fit, and progress measurable. Every topic is presented with accuracy, intent and individual instructions.
