Our Food & Drink Catering

Middle Eastern cuisine has long and rightly held a fabulous reputation for not only being highly flavoursome, but also light and healthy.

Middle Eastern cuisine has long and rightly held a fabulous reputation for not only being highly flavoursome, but also light and healthy.

With food being the very essence of any catering event, it is also at the very heart of what we do. With teams of highly experienced chefs, all specialists in their own field, we bring to life with skill and dexterity dishes that span from Lebanon to the rest of the Levant and North African cooking such as Moroccan and more.

From delicious hot and cold mezzes, dips and breads to enticing salads, grilled meats, flavourful tagines and exquisite desserts. It's the kind of food that pleases everyone. Simple yet hearty and at the same time we ensure that we give you and your event guests the "wow" factor with eye-catching presentation and service levels which are professional yet personalised.

For drinks, we provide a whole range of wonderful beverages that include champagnes, cocktails and mocktails, aperitifs, wines, beers, spirits and all kinds of soft drinks.

We ensure that once we know the type of event you are having, we create bespoke menus to suit your palate and budget.

As part of our catering and events services we are only too happy to provide you with a sampling of our food.

Our Events Management Services

Our objective is to please you and create a truly special and memorable event for you.

From the venue you have selected to the food and drink menus along with our specialist teams, we ensure that everything runs smoothly. Whether you require breakfast, mid-morning to afternoon tea, canapés, children's menus, bowl food, lunch and dinners, our intention is to cater for all such needs. However, our event management services extend much further than food and drink. We are well-versed in knowing what makes your event stand out and be remembered.

Our event planning and management is all about dedication, creativity, flare and creating the right ambience, spanning across all aspects of your event because quite often a celebration – from weddings or even sometimes a corporate get together requires more than just tantalising food and tempting and thirst-quenching, fruity cocktails! Whether its limousine hire, balloons, photography, videography, musicians, belly dancers, henna artists, magicians and acrobats, florists and much, much more – the bespoke Leila Middle Eastern Catering and Events services we offer, are a one-stop shop for all your Middle Eastern style event requirements.

Destination Weddings & Locations & Themed Events

We want your dream wedding to come true which is why our weddings team can offer anything from historical homes and luxury hotels as venues to locations which are outside of the UK such as sun kissed beaches and villages of the South of France to the amazing architecture, vineyards and mountains of Tuscany in Italy, and many other scenically stunning parts of Europe.

Leila also love to do themed events the way you like them. From magical Arabian Nights to rich Moroccan surroundings and distinctive marquees, it is our pleasure to fulfil your wishes. Whether at your home or at your chosen venue, lifting your event into the magical and beautiful.
