Are you maximising the use of the space your garden provides, or suffering from the effects of our British climate?

SWCCCV is a specialist weather protection provider, based near Pontypridd (Ynysybwl), offering over thirty years weather protection experience, ready to design and quote for a fully installed Carport, Canopy or Veranda.

Don't confuse our range with cheap shopping site alternatives, these are **British products**, professionally installed, with adequate foundation and a **ten year warranty on the simplicity and Alfresco range**. Examples overleaf will show indicative prices for size and specification. As we have no display site or showroom, our low overheads keep our prices lower than alternative options.

The process: Make your enquiry, have a free survey to fully understand the requirements, size and specification, receive our full specification quote by email, decide without pressure! What our customers say:

Mark S, Swansea. I have been really pleased from the 'no pressure'-customer focussed' site visit, firm quotation and planning. I would recommend Robin and his team to anyone.

Su S, Port Talbot. Friendly, tidy work, we are satisfied with our Canopy from start to finish there was good communication and no pressure selling. Thumbs up!

Colin M, Cardiff. Great pre sale advice, great updating on delivery and fitting, Fitting quick and good. Great after fitting support.

David H, The Valleys. The whole process from beginning to end was absolutely brilliant, the fitters did a fabulous job, leaving everything spotlessly clean and tidy. Extremely satisfied.
