

# Photo Shoot

We understand that your children are very special to you and will grow and change very fast, that is why it is so easy to forget just how cute they really were.

It is for this reason that NLC PHOTOGRAPHY would love to provide you with images that you can cherish for many years and even generations to come.

As much as digital images are convenient, we would always recommend prints, something that is tactile and future proofed unlike digital formats which can change and we are sure will change in years to come.

We offer a variety of packages starting at just £60

A very popular package is the Watch Me Grow First Year Baby Package, which we believe to be outstanding value providing four photo sessions spread over your baby's first year.

Full details are available on our website

Payment is normally taken up front at the time of booking. Payments can be made via paypal or Bank Transfer

All sessions are subject to booking availability.

# Helpful tips

As I am sure you are aware babies and children of all ages are not always happy and content, which you will understand can make capturing their images difficult at times. Of course, every effort will be made to put both you and your child at ease both prior to and during the photo shoot. In fact, we are happy for Mum or Dad to assist where possible as we have found this a great way to reassure your child and to get the very best photo opportunities possible. Safety is, of course, paramount at all times and the watchful eye and participation of a parent is also welcomed to ensure the welfare of your child.

Patience is required on the day and sometimes it will take time to achieve the desired results so please try not to be too anxious as this will often be picked up by the child and can make things even more difficult.

That said it is highly likely that at some point during the session the moments of joy and contentedness will be captured.

It is recommended that you bring several changes of clothing for your child as this will not only provide a varied mixture of shots it may also save the day if your child's tummy decides to act up :)

Likewise, you are encouraged to bring along your child's favourite cuddly toy or rattle etc which may also help to console them if required.

Of course, you will always know your child best, so please request a suggested booking time when you feel that your child is normally most content.

Lastly, if you have any concerns or questions that you wish to raise, please do not hesitate to contact us and we will do our very best to assist you.

We look forward to hearing from you in the near future

Best wishes

Nigel
