# The Wedding Experience

I've had the privilege of photographing weddings professionally since 2007.

I was lucky enough to marry my wife Davinder in April 2011 and since then we have been blessed with three beautiful children.

Although Davinder and I had a fantastic wedding day, the one thing that sticks out the most is how fast the day flew by!

Knowing just how important your wedding is, my aim is to capture your day in a way that will do your memories justice and I believe that this can be achieved in a fun and approachable way.

I can fully appreciate that people don't like having a camera pointed at them, therefore it is my job to help people feel relaxed and at ease, which is then reflected in the photographs being taken.

My philosophy is simple: It's YOUR wedding day  
and YOU should get the photographs that YOU want

Can you remember the excitement you felt as a child when you opened your curtains to find the world outside had been covered by a blanket of snow?

Can you remember how great it feels to run and jump in the largest puddle you can find?

Or the feeling you get when you make eye contact with an attractive stranger and they return a smile, or to have picnics on long lazy summer evenings?

Life is full of special moments that slip by unnoticed, unless we stop for a few minutes to appreciate them.

I specialise in wedding photography and it's my aim to timelessly capture life's precious moments.

# THE Wedding

Congratulations! You have found the person that you want to spend the rest of your life with, the hard part is over, right?

Well, now the fun really begins as you make your journey through the minefield that is planning a wedding!

While the planning can seem to take forever, the day itself will be over before you know it and all that will be left is your memories and your photographs.

You deserve beautiful images. Your wedding is an experience and the photography is a big part of that experience.

I believe that this experience should be fun and enjoyable.

## WHY INVEST ?

Your first decision as an engaged couple is to set priorities for your wedding planning. You have to decide what you value most. Is it the dress? The food? The venue? As a photographer, I believe that couples should make their photography a top priority. After the big day is over, you will leave your reception with each other and your pictures.. Thats it!! All of that planning and preparation is over in a matter of hours.

So if you're choosing to invest in high quality photography, those images deserve a classy, elegant home after the wedding.

I offer a choice between two high end, hand made albums for my wedding clients. The images are printed straight onto the pages and the covers are embossed with my clients names and date of wedding.

This is the perfect ending to The Wedding Experience and it's a keepsake that you will be showing your children and grandchildren one day!

## THE WEDDING EXPERIENCE

After being a professional photographer for over 12 years, you would think that I would grow weary of weddings, right?! The reality is, I have seen and photographed it all and the more that I shoot, the more that I fall in love with this job! The joy, the excitement, the feminine details, the tears, the dances with daddy, the portraits that take your breath away.... I love it all. Even after 12 years, I still can't get over the fact that I have been trusted with preserving over 350 weddings!! I don't take my job lightly. Before every wedding day begins, Davinder and I sit in the car together and she reaches over my Caramel Signature Hot Chocolate from Starbucks and takes my hand. We pray for our couple, their families and for the ability to capture our couple's celebration with excellence and creativity. IKONIC MEDIA PHOTOGRAPHY is truly one of the most rewarding parts of our life! The friendships and experiences that we've created with our Couples lasts far beyond the wedding day and we believe that's how it should be.

50% deposit and signed contract (for your peace of mind) is required to reserve a date & can be completed online.

# FAQ'S

(Frequently Asked Questions)

HOW MANY  
PHOTOGRAPHS WILL  
WE GET?

There is no limit to the number of photographs I take on the day and I take several shots of each photograph. While there is no guarantee, I aim to provide clients with a Gold or Exclusive experience around 250- Unlimited photographs.

HOW DO YOU WORK  
ON THE DAY?

Throughout the day there will be times when I will be interactive and times when I will be more discrete. There will be parts of the day when I will need to be in control in order to accomplish everything that needs to be done while keeping on schedule. There will also be times throughout the day when you shouldn't even know I'm there.

HOW MANY  
PHOTOGRAPHERS  
WILL THERE BE ON  
THE DAY?

I mostly work alone, however I do not feel this means that you receive any less of a service. From the moment I arrive until the time I leave I will be constantly clicking away from behind my camera. The only exception being during the wedding breakfast, nobody wants their photo taking while they are eating!

HOW LONG DOES IT  
TAKE TO GET OUR  
PHOTOGRAPHS?

Contracts state that the client on-line gallery will be completed within 4 weeks of the wedding. However, I will let you know as soon as they are ready to view. As soon as you have seen your photographs you will be able to share the link with your family, friends and guests who will be able to purchase prints or digital downloads directly from the gallery.

CAN I PRINT MY  
OWN PHOTOS FROM  
THE USB?

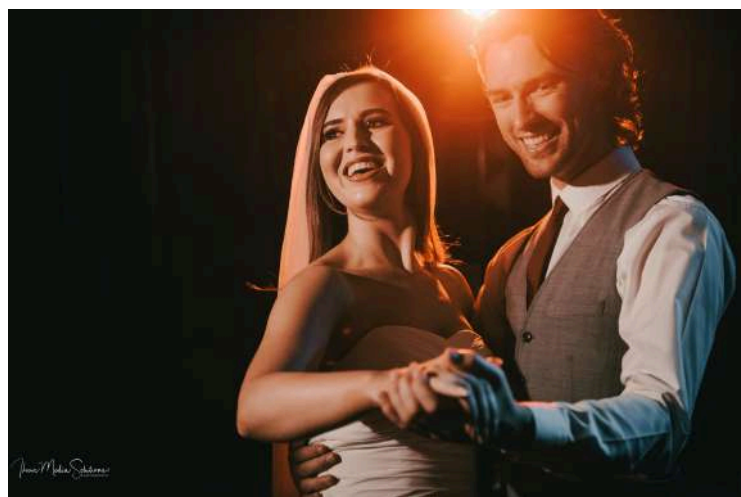

Yes, we provide copyright permission for your own personal use. This gives you the ability to print and share your photos on social media as much as you like.

DO WE HAVE TO  
DECIDE ON A  
PACKAGE IN  
ORDER TO BOOK?

No! The most important thing right now is securing your date. If you are undecided on which experience is best suited to your requirements or budget I will book you in for the bronze experience. You can always upgrade as you get nearer to the big day and have more of an idea what coverage you would like.

HOW DO WE BOOK  
AND SECURE OUR  
DATE?

Once you have decided that I am the photographer for you , I will send an electronic contract and an invoice for the deposit payment sent over via email. I ask for a deposit of 50% to secure a booking and all payments should be made directly to our bank account.

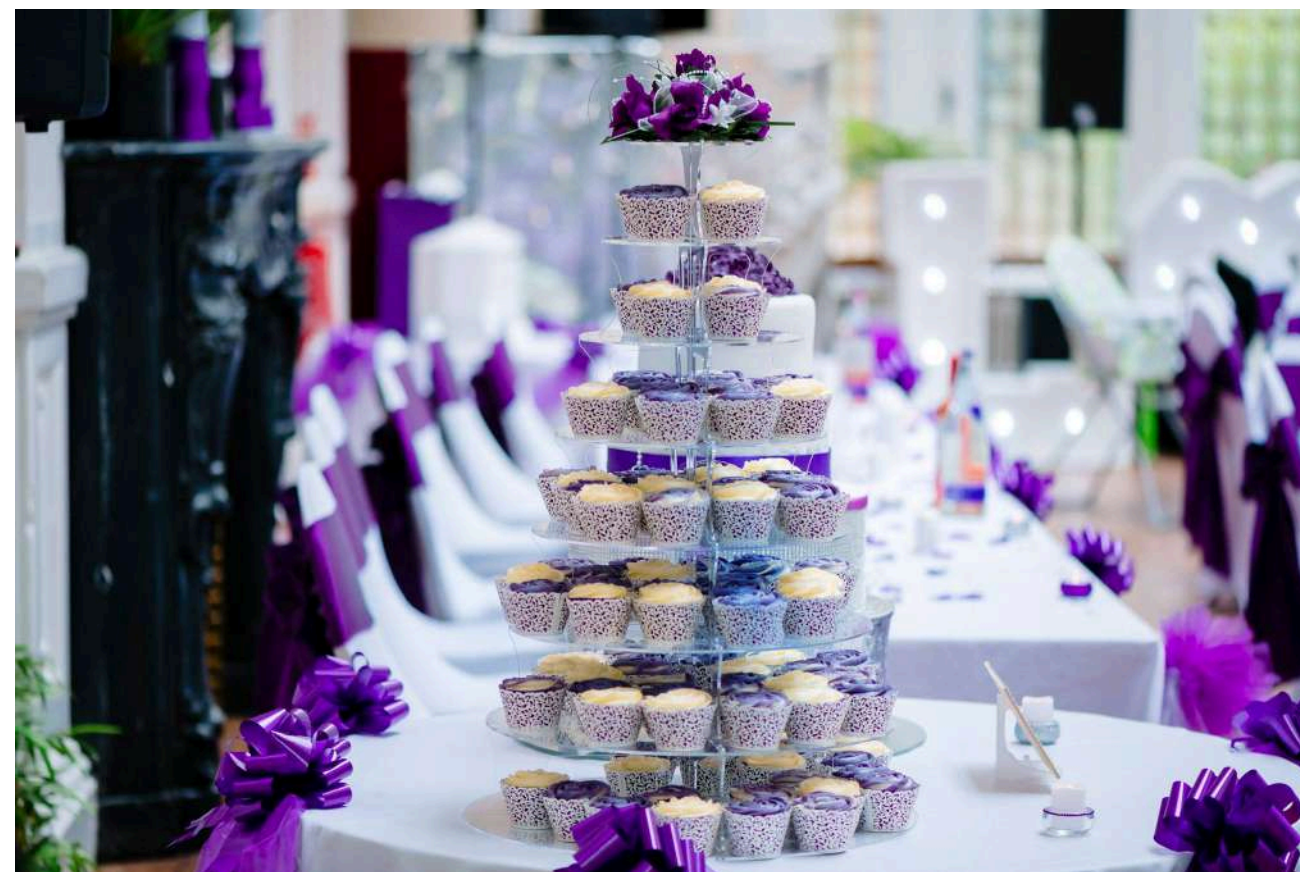

# Thank you

We highly recommend Diven, he is the super talented Photographer to do your wedding photography. He has exceeded our expectations in every possible way and our experience with this chap is second to none. He said to us one thing during one of the sessions which I fully agree and would like other couples to consider this as well.

Diven said I know people always look for the cheapest options, couple pays 15 k for best venues, 3K on cars and on food, 2K on invitations and 1-4k on wedding dresses and jewellery, but when it comes to the photographer we look for the cheapest options. Why?

We forget that all other things will fade one day but the memory captured by your photographer will stay for the rest of your lives.

He has amazing personality and he is very creative with photography.

We don't have words to tell you how awesome Diven and his team have been. They have been an absolute dream to work with. During our Pre-wedding shoot they put us at ease straight away, I am most of the time camera shy, but Diven knew exactly how to approach me that really helped me increase my confidence during the Pre-wedding shoot. We never felt like Diven was the outsider, or we just came to know him recently. He is gifted with his skills and very talented and full of fun to be around with.

If you want your Priceless memories captured by a creative eye, look no Diven LaxMAN is the MAN. He understands the angles required to capture the moment for you to cherish for a life time.

He delivers jaw dropping results.
