*Organic Premium Tea*

In "The Green Mug" we provide with loose leaf tea 100% Organic and from the most exquisite quality in the market

## Premium Quality Tea

In "The Green Mug" we use loose leaf tea from the best plants available all around the world. We choose our blends very carefully, considering the health benefits and amazing flavors that you can obtain from herbal ingredients.

### Loose leaf tea

Loose leaf tea is in increase demanding, as people is finding the need to get to know their foods and drinks better. Tea bags are usually made from dust tea, which is the rests left at the bottom of the tea sacks. Also in "The Green Mug" we care about our world and we are environment friendly, as all our packages are recyclable and because we do not use tea bags, we are not leaving residues in our planet, such bleached paper or mesh (as found in the market's tea bags)

"I'm delighted at the excellent quality of this organic tea. Fast delivery, great service. Highly recommended."

Kate Smith (Customer)
