

Revised SSL Fees 2015

Super Smart Learners as a policy strives to keep pricing to a minimum. So much so that when compared with other after-school programmes, many parents have commented on how extremely competitive SSL is, particularly given the quality and breadth of its workbooks and the small group teaching setting.

Moreover, Super Smart Learners has a very transparent fee structure. All our current fees are given below. You will not be charged for anything outside of the items below, nor will the fees vary from centre to centre.

Important notice: due to the new national curriculum revisions, the Super Smart Learners maths programme will not be released to EN1 and EN2 centres this year. We anticipate a Spring release in 2016 at the very latest. Due to these notices, it has been possible for Super Smart Learners EN1 and EN2 to be more flexible with its pricing, giving parents/guardians even more value for money. (See 'Promotional Offers' overleaf)

English: £55 per month. Fees are paid at the beginning of the month.

Note, this will apply to Easter and Christmas holiday months. No refund is given for absences, illnesses or above holiday periods. Classes will run in half terms. For **summer term**, fees will only apply if you take holiday work; otherwise refunded in September on return.

Both maths and English: £95 monthly, paid at the beginning of each month.

Sibling policy: £5 discount for the **second** and **third child** who enrolls on **both maths and English or single subject maths only**. Again, do contact your local SSL consultant for more information, terms and conditions.

Registration fee of £25: One-off payment due at the time of diagnostic test and consultation. (Promotional offer*: **refundable** after your child has enrolled for **three months** on the Programme. Offer ends on 30th September 2015.) For reception children (ages 4-5) this offer stands permanently.

Refundable deposit of £50: This is due once your child has enrolled on the Programme. It is held for you and **refunded once you give one month's notice prior to cancelling** membership. This deposit will be forfeited if sufficient notice is not given. For **two or more children** per family, deposit will be a **flat rate of £100**.

Childcare vouchers: As SSL is Ofsted registered, we are able to accept childcare vouchers. If your employer does not yet offer childcare vouchers, they may obtain further information from the Family and Childcare Trust site: <http://www.familyandchildcaretrust.org/>.

Tax Credits: Being Ofsted registered, your child's fees at SSL will count towards childcare payments at an eligible/registered centre, in calculating Tax Credits. You may be eligible for up to 70% off! Please contact the Tax Credit Helpline for further information on 0845 300 3900.

2015 Pricing Policy EN1 and EN2

Please note, the maths programme currently offered in Enfield Town and Bush Hill Park is not a Super Smart Learners Programme. Contact your local consultant for more information.

Fees at a glance
