# NICE TO MEET YOU

## ABOUT US

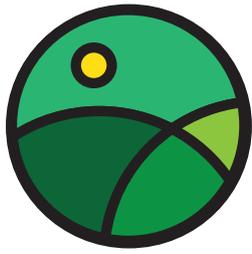

My name is Gareth Wright I live in Ashton Under Lyffe in Greater Manchester, England. Art and Design has always been a big part of my life - from drawing as a young boy to being a professional Graphic Designer as an adult.

Design to me is a passion as well as a career. When not working with clients, I illustrate, draw and work on my own side projects. With over 14 years of experience, I am confident I can help you, and your company with your design needs.
