

About Mel Pettit Wedding Photography

Thank you for downloading my current portrait brochure. I hope you like what you see.

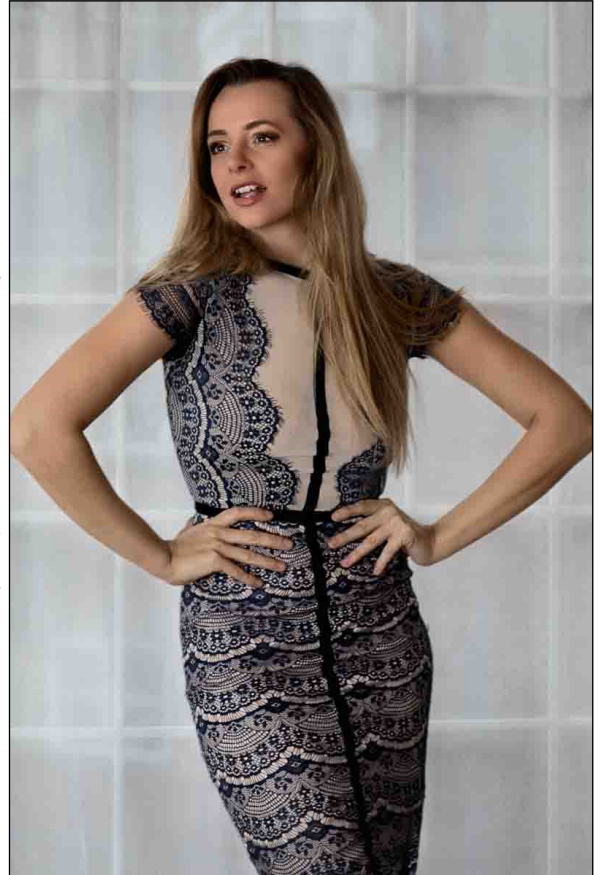

Mel Pettit Photography is based in Chatteris, Cambridgeshire. I am a photographer of people in all styles and genres, concentrating on weddings, portraits and family events throughout the year.

What Is a Portrait?

A portrait can be anything you want it to be. From traditional head and shoulders images through to lifestyle, environmental, candid, glamour, conceptual and group photography, portraits are there. You can make a portrait from whatever you like.

That is what a portrait is. What it is not is a luxury. A portrait of you will last forever, and show future generations of your family who you were. It will be a lasting memento of who you were at a specific moment in time. That is priceless.

I love creating portraits and making your vision a reality. My personal favourite is a traditional head and shoulders black and white portrait, printed large for framing, or produced as a hanging wall product. If you want something with the wow factor a large print is definitely the way to go.

With modern, portable and battery powered equipment you don't even have to go to a studio. I can come to you, anywhere you like. Indoors, outdoors, just about anywhere. There's no longer any worries about the lack of light for outdoor portraits, if there is not enough natural light I'll make some just for you.

No studio fees means reduced costs for you, so you only pay my hourly rate for your portraits session at a location of your choice is currently £50 per hour, for a minimum of 2 hours.

The only other decision you need to make is what to do with your photographs. You could choose one of my packages, where a number of different products are included. For example, with the Gold package you would get an 18"x12" canvas, three 12"x8" prints in strut mounts, and five 9"x6" prints in strut mounts. That gives you something nice to hang on your wall and some prints to give out at Christmas.

The booking fee is included in the £400 cost for that package, so there are no hidden fees or nasty surprises tucked away.

If you decide that you do not want any of the packages, you can choose products from my extensive list. From books, albums, prints and items to hang on your wall, everything is covered.
