CAPTIONING AT SCHOOL, COLLEGE & UNIVERSITY

INFORMATION FOR STUDENTS & THOSE WHO SUPPORT THEM

Each and every student deserves the best opportunity to learn.

With remote, live captioning of classes students with hearing loss can have the same learning experience – and opportunities – as their peers.

HOW DOES IT WORK?

In just 3 simple steps remote captioning from 121 Captions provides cost-effective, responsive support for deaf students.

1. The lecture starts.
2. Our remote captioner listens in online and types whatever is said at up to 300 words per minute.
3. The student receives those captions, word by word, on their laptop, tablet or smartphone within 1 second of them being spoken.

I wish I had known about 121 Captions earlier in my postgraduate and undergraduate degrees, it would have made university so much more accessible to me.

Natalie, MSc student at Cardiff University School of Medicine
