

Leisure Brochure

As manufacturers Helmsman System lockers are factory built and tested prior to dispatch, resulting in reduced installation time and minimum site disruption.

System 2000- Plant on doors:

System 2000 Lockers are designed for Constant Public use, such as a Leisure centre, Spa, Holiday Park changing rooms.

System 2000 Lockers offer secure storage for one to six users. They are available in different widths, depths and colours. System 2000 Locker is fitted with coin refund lock, a laminated number plate and number discs for each door.

1800mm high

Width, depth

300 x 450

300 x 500

400 x 450

400 x 500

Features:

- Frame and body assembly: Unique extruded doorframe uprights are formed from heavy gauge aluminium. Rounded profile allows easy bag deposit and removal.
- Doors manufactured from solid Grade Laminate (SGL).
- Curved single piece body shell is hygienic and user-friendly with no sharp edges or dirt trap corners.
- Shelves formed from polypropylene or aluminium for strength and security.
- Hinges: strong, heavy-duty, full-length hinge assembly built into locker frame provides a high level of security. Plastic shrouding maintains tidy appearance while automatic door closure reduces the risk of injuries.
- 300mm and 400mm wide door options as standard, other sizes available on request.
- Half height lockers available, ideal for wheelchair users.
- Locker produced with 'plant on' doors fitted to a high specification aluminium doorframe giving clean uninterrupted wall of colour.
- Lock detail: 'hook bolt' design gives engagement into door frame providing additional security.

System 2200- Inset Doors:

System 2200 Lockers are suitable for Leisure centre, Spa, Holiday Park changing rooms. The System 2200 offers a higher security from the System 2000 due to the inset style door. The door provides a visual contrast to the frame structure.

System 2200 Locker is fitted with a coin refund lock, a laminated number plate and number discs for each door. System 2200 offer secure storage for one to six users

LOCK DETAILS FOR SYSTEM LOCKERS:

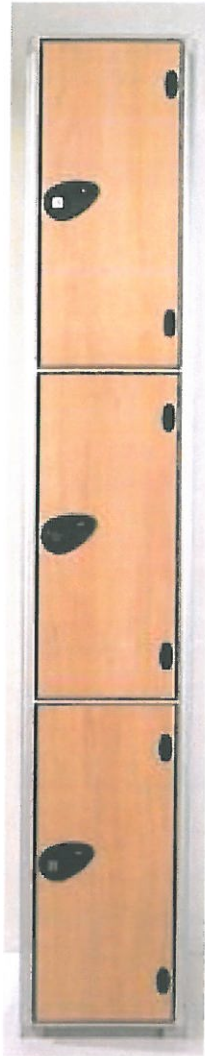

- Secure coin- operated refund lock
- Lock setting: 20pence, 50 pence, £1 coin, £2 coin, token, Euro coinage, and free use.
- Coin collect option available.
- Optional removable cylinder
- 'Hook bolt' design
