Feasibility Assessment

A service that's simple, smart and occasionally magical.

## Research - Launch - Grow and Manage Your Business With Us

---

Welcome to 70thirty, a business solution partner for greater results. We are a small but perfectly formed team of 15 specialist consultants. We provide business solution to suit every need, large or small in assisting to streamline our clients' business development in line with market industry activities.

Our collective expertises cover a wide spectrum of professions within the UK's Market Industry. In an ideal world where money did grow on trees, no one would need to be any wiser or informed of market conditions, but since we don't 70thirty bridges that gap between unknown and known as the business solution partner.

### Market Industry Research

Accommodation and Food	Construction	Financial and Insurance	Information and Communication	Wholesale and Retail Trade	And much more
------------------------	--------------	-------------------------	-------------------------------	----------------------------	---------------

We can provide you with industry research information that will assist you in making better informed business decisions on strategies and revenue generation. The Information we provide includes statistics, analysis and forecasts which are accurate, comprehensive, and independent on 100s of UK Industries. We all the data you need to help make greater business decisions.

You use the industry reports information we provide for better understanding the market size, market share, industry growth, the competitors, drafting business plans, benchmarking, forecasting, business valuations, litigation support, due diligence and more.

### Business Start-Up Consultancy

Business Plan	Document Solution	Business Stationery	Business Number	and much more
---------------	-------------------	---------------------	-----------------	---------------

Creating your own business from scratch can be exhilarating, rewarding and liberating. However in the initial phases it can be a harrowing ordeal. Business Start-up requires a lot of complex preparations and strategic planning.

Whatever stage you are into, we can help you in taking the next steps by giving an overview of business plan, the market place, and the target customer base. We also ensure the success of the financial side of your business plan which includes Pricing Policy, Overhead Absorption Rate and Cash flow Forecast which is an arguably the most important part of the business plan.

## Financial / Project Feasibility Assessment

A feasibility study evaluates a project's potential for success; therefore, perceived objectives are an important factor in the credibility of a study for potential investors. If you need assistance in doing Financial and/or feasibility assessment, we can help you by doing it with highest precision and reliability. As a trusted partner in feasibility assessment, we offer you unrivalled experience gained across a diverse range of projects across all sectors and industries.

Our services are tailored to your specific needs and we can provide you the information needed to make an informed decision. Our highly experienced finance experts carefully assess your project to determine viability by considering all key aspects such as setup cost, cash flow forecast and profits.

## Operational Improvement

If you are committed to achieving and sustaining your full potential, we can assist you in identifying and deploying industry proven methods to generate measurable and sustainable improvement.

With us you will be able to deliver your customer promise every time, on time and at the lowest possible cost. Our improvement focused experts will look at how you operate currently and recommend smarter changes in your operation procedure. The systematic changes implemented by us will accelerate your growth, increase effectiveness and ensure that you are able to capture real business value.

## Bookkeeping Day to Day Transaction

If you are struggling for an accurate indication of the financial position of your business, we are happy to lift the burden off your shoulders. We offer cost-effective, efficient and hassle-free bookkeeping services for businesses of all sizes not excluding year end accounts.

We provide truly flexible bookkeeping service that includes monthly services by post or email, with or without VAT. We also assist you in running payrolls and preparing year end accounts. We can guarantee your peace of mind by managing your accounts, accurately to ensure you do not incur any penalties for errors and late submissions.

## Business Set-up

---

Location Find   Property outfit   CCTV & Security   Tel Com Set-up   Others requirements
