WHO WE ARE

A Manchester-based business, JWS has been providing sustainable waste management and disposal solutions to businesses across the North West since 1983.

OUR APPROACH

Every nuance of our business operations and services works to uphold the highest of standards in terms of quality, environment and health & safety.

It is our commitment to QEHS compliance that ensures businesses can trust JWS to support their waste management requirements

WHAT MAKES JWS STAND OUT?

LOCATION

Based in Salford, on the edge of Manchester City Centre, we are the ideal choice for businesses and projects in the heart of Manchester.

INNOVATION

Introducing innovative solutions to waste management such as digital service tickets and our online customer portal.

SUSTAINABILITY

Sustainability is the essence of everything we do here at JWS - helping to support the environmental values of both our business and our customers.

INTEGRITY

Proudly a fully-compliant and accredited business, offering secure, environmentally sound waste services inline with UK Regulations.

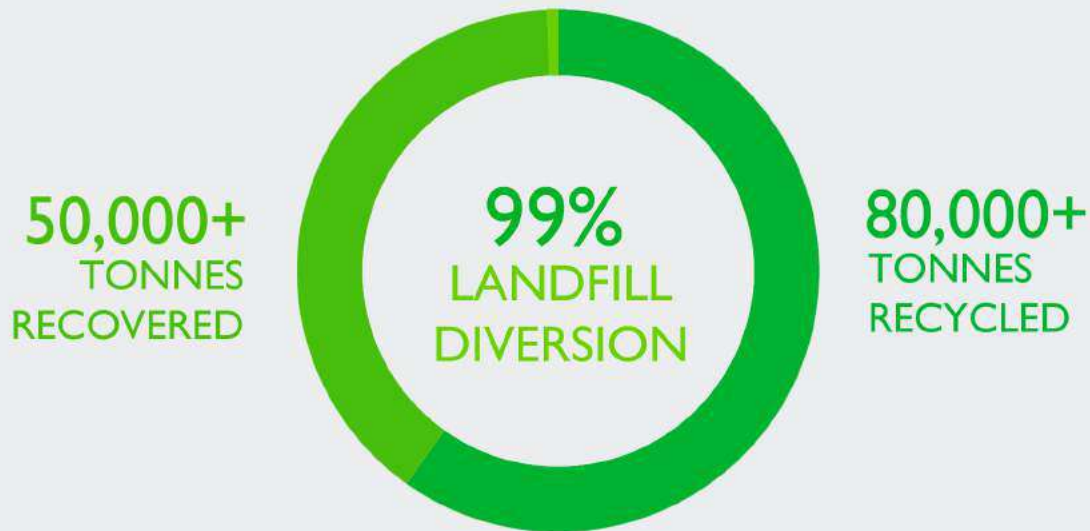

WHAT WE DO

We provide waste solutions tailored to help you improve your sustainability and meet environmental targets - and a cost-effective result for your waste requirements.

Offering premium services with your business and the environment in mind, this maximises both the effectiveness of our services and the benefits for your business.

SUSTAINABLE RESULTS

2018 FIGURES

LANDFILL DIVERSION

We divert waste from landfill in favour of green alternatives such as recycling and energy recovery, which in turn reduces CO².

LOCAL SOLUTIONS

Not only is JWS one of the few waste companies that utilises a UK-based energy from waste facility, but as a Salford-based business we are committed to working with local recycling and recovery facilities.

SERVICES

SKIP HIRE

We offer a range of skips to support your requirements including open skips, rollonoffs, enclosed/lockable containers and hook skips.

CONSTRUCTION BIN & RELS

Our construction bin and REL service is a popular alternative to skip hire. We empty these containers onsite via our big bite vehicle.

WASTE COLLECTIONS

We can collect your waste from site via our fleet of Euro 5/6 waste collection vehicles, including our curtain-sider, tail lift and cage van.

TRADE COLLECTIONS

A flexible and sustainable wheelie bin service for the main business waste streams: glass, food, cardboard and general waste.

HAZARDOUS WASTE

An affordable, hassle-free collection and disposal service for your hazardous waste materials, built on environmental support and compliance.

THIRD PARTY TIPPING

Commercial companies can bring waste into our Materials Recycling Facility (MRF) here in Salford for disposal.

MATERIALS RECYCLING

We segregate waste at our MRF to recover materials for recycling and energy recovery, diverting more waste from landfill.

CUSTOMER REPORTING

Access a wealth of account information via our online portal, including reports, weights, waste breakdowns and service tickets.

HOW WE CAN HELP YOU

We have many in-house specialists to give you the time, expertise and assistance you need to develop your business's waste management solution.

JWS are not just a service provider - we are a partner working to help promote good recycling practices within your business and support you in achieving your environmental targets.

DEDICATED SUPPORT

YOUR ACCOUNT MANAGER

You will be appointed an Account Manager depending on your business sector i.e. construction or commercial & industrial.

Your Account Manager will have experience in supporting businesses within your industry and therefore have a better insight into your requirements and how to provide the best support for your business.

ADDITIONAL REQUIREMENTS?

JWS can offer a full range of support for your business such as:

Online reports & waste breakdowns

Site signage to encourage waste segregation

Regular meetings and site visits to discuss and review progress

Help with winning environmental awards, achievements and recognition

WE'LL START BY DISCUSSING YOUR REQUIREMENTS

- ✓ Waste streams you are producing and what services you have in mind
- ✓ Any challenges/issues you are facing or expect to face on your site
- ✓ Targets and goals that you have in place
- ✓ Budget and timeline for your project
- ✓ Specific requirements for your site i.e. accessibility or space

THEN WE CAN HELP YOU FIND YOUR IDEAL SOLUTION

- ✓ Container sizes & quantities
- ✓ Onsite segregation strategies
- ✓ If a service schedule needs arranging
- ✓ Solutions for varying waste streams
- ✓ Multi-point collections for larger sites

“I WOULD RECOMMEND JWS AS A SUPPLIER OF CHOICE DUE TO THEIR COMPETITIVE PRICES, EXCELLENT CUSTOMER SERVICE, FLEXIBILITY IN MEETING OUR REQUIREMENTS AND FIRST CLASS SERVICE IN RECYCLING OUR WASTE STREAMS - SAVING US TIME AND MONEY.

“WE HAVE BUILT UP A HIGH LEVEL OF TRUST AND LOYALTY SECOND TO NONE WITH JWS AND I WOULD RECOMMEND THEM TO ANYONE WISHING TO USE THEIR SERVICE.”
