How to prepare for your Boudoir shoot

What to wear on arrival:

Remember that some clothing will dig into your skin and cause lines, the worst culprits are socks which cause lines around the ankles, bra's which leave lines on the shoulder and across the back and under your bust and knickers which leave lines around your bottom or across the tops of your thighs. Although it is possible to photo-shop these lines out it can sometimes be very tricky so please try and wear loose fitting underwear which is not tight on the day.

Remember the details:

Most women will want to wax or shave but do remember to moisturise, the lights and heat in the room will dry your skin out so moisturising your after your shower or bath is a good idea. Think about every detail of your body, your eyebrows, your nails on your hands and feet, are you going to wear earring's if so will they match with your chosen outfit?

Make-up:

Most clients turn up with no make up or wearing very little, don't worry if you do not feel comfortable going out without make-up on as the make-up artist always removes any make-up and cleanses your skin before she starts applying make-up for your shoot.

Hair:

Most hair dressers will tell you that if you are going to style your hair it will behave better if it hasn't been freshly washed, so try not to arrive on the day with washed hair. Especially if you are thinking about having your hair curled or crimped, it takes better and stays in longer on hair which hasn't just been washed.

What to bring:

Once you have decided what style of shoot you are going for please bring a long any extra props you might want to use. The number of changes will be determined by which package you have chosen but remember you can accessorize. Props you might want to bring with you-

Hats

Long gloves

Garter

PLEASE IGNORE THE POSTCODE IF YOU ARE USING A SATNAV AS IT WILL TAKE YOU UP THE ROAD AND NOT TO OUR BUILDING.

From B&Q head towards the Hythe Quay as if you were heading in to town, turn right at the mini roundabout(by the scrap yard). Pass the pub on your left 'The Spinnaker' and before you approach the next mini roundabout you will see a large old warehouse on the right with cars parked on rough ground, this is our car park, pull in there and park close to the building. Walk pass the street sign which says 'Hythe Quay' and you will come to our front doors with a big red, white and blue number 26. Please press the fourth doorbell down 'Lindsay Wakelin'. Any problems please call my mobile: 07756184916
