

LITTLER WINSTANLEY

Consultants

Forensic Collision & Vehicle Investigation Experts

**Expert Witnesses with a history
of high quality service in both
criminal and civil casework**

Providing expert evidence so the
Courts can reach a balanced decision
and either acquit the innocent
or convict the guilty

Mark and Dave have worked in the public and private sectors for many years and are recognised and respected by many legal practitioners. Passion for their work has lead them to form their own business with the aim of providing the highest quality work, whilst remaining competitive and cost effective.

***One of our regular instructing Solicitors states,
"Obtaining expert advice from an experienced collision expert can be crucial."***

Mark Littler BA, DipMATH, MITAI and David Winstanley DipASM, MITAI, LCGI between them have spent over 40 years investigating road traffic accidents and vehicle related incidents. They have each prepared and presented evidence as expert witnesses in the UK and worldwide for over 16 years, and undertake casework in both Criminal and Civil proceedings. Fees are highly competitive and affordable including capped travel costs regardless of the location of the case. For further information please see below:
