Testimonials

Cork Speech Therapy clients bear testament to successes so far achieved. My work is held in high regard by clients and GP's

I am dedicated and strongly motivated to help children achieve lasting improvements in speech, language and communication skills.

"My son J was difficult to assess but Jennifer patiently gained his confidence and began to increase his vocabulary.

Progress was slow at first but always lasting. We were shown how to encourage J and it became a game.

We are very pleased with the progress achieved."

PMcM

"From what I have seen so far, I'm not letting Jennifer get away from me soon because her work and progress is fantastic"

TF

"Beyond all the progress achieved, it is Jennifer's warm and friendly but no nonsense approach which works so well."
