

SEO SUCCESS REPORT

1. Luxury Flooring brand Miami.

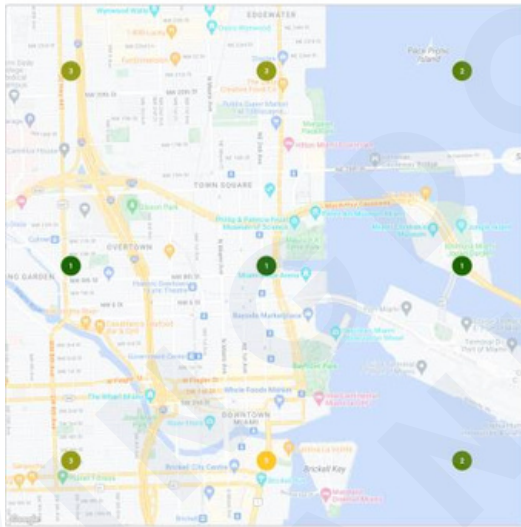

This project was given to me 4 years before as the company was new, they wanted to compete a highly competitive market, Miami

We started the process and we worked on our strategy doing all the ethical white hat work to get the long-term ranking for the client and dominate the SEO with core strength.

Currently we are consistently staying in top 3 for 3 years straight without any drop. They are very popular in hardwood flooring niche Miami.

2. Office Furniture and Moving Company Wisconsin.

This is a big moving company whose project was offered to me n my team by the operational head of the company for their greenbay branch.

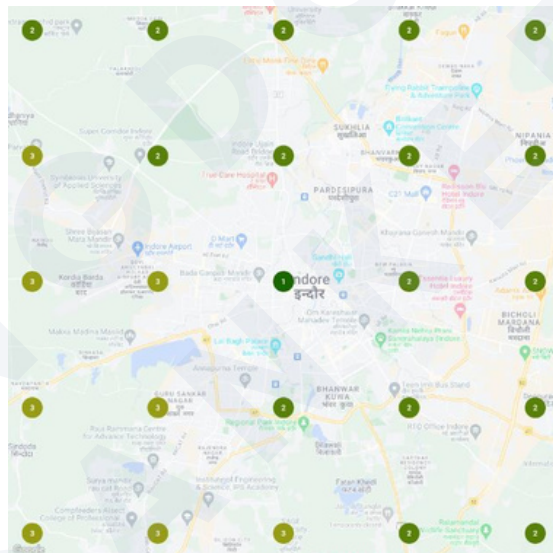

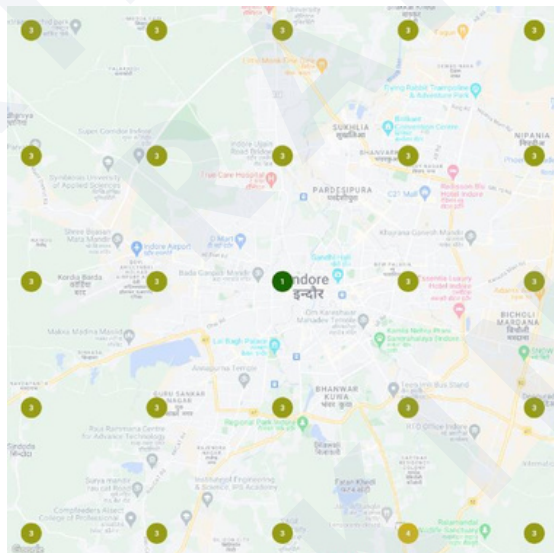

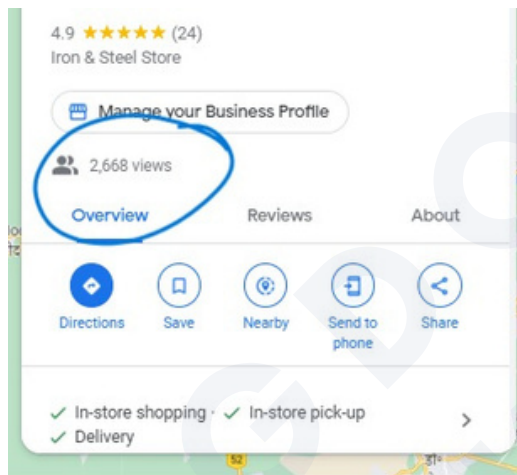

Challenge was they couldn't able to give access to the website as that was the company managing the website, But we still with our strategies, we managed their listing dominate without even having the access to main website.

3. Garage Shutter Shop Shutter Business

New business started fresh wanted to enter the market targeting the map pack, we analysed the possibilities and we checked what competitors are not doing and we were able to rank this in top 3 for all the important keywords for his business.

4. Wedding Dj Agency London

Another Heavy competition market, we were offered the project to make them rank on top for the desired keywords. With the strategies, we managed to rank them on top for wedding sax dj keywords and also managed to scale the growth, every 6 months.

Plenty of more projects like these across the globe, we work on stats and proper strategy based work, which guarantees positive results as we always believe in if right work is done it always shows results.
