Thank you ...

This is what couples are saying about us

Gary I am so glad that we were able to book you for our wedding day. You made our drinks reception come to life. Come rain or shine we danced non stop to your incredible sound. I had always hoped to bring a piece of the Caribbean to my wedding day in memory of my late father and you exceeded my expectations. As you both played the love I felt was special. Thank you for the memories.

Amy Hanbury, *Wedding Drinks Reception*

The service received from LMM was perfect. Quick to respond to any emails and queries and were always professional and courteous. The musician we went with, Gary Trotman - Steelasophical, was the icing on the cake for our wedding day and really did make the day even better than I could ever have imagined. Thank you.

Holly, *(Wedding)*

They were just amazing! They were early for the event, I had arranged a time for them to begin playing but we ran over (cake cutting/ first dance etc) and they didn't mind at all even though it meant they would not be able to get home as soon as they would have! They took requests, got people dancing, even went up to guests and sung directly to them which was brilliant! We've had such good feedback from our guests and would definitely recommend them! Lovely guys and I can't thank them enough!

Kate Blackmore, *(Wedding reception)*

Everything was perfect - the band arrived when they said they would, set up and played beautifully for us and then packed up with no fuss. The guests loved them! It really made the atmosphere for us. Thank you to you all.

Amanda Karr, *WEDDING*

Booked for my wedding in Surrey. Fantastic music. Fun and interactive entertainer, and even played numbers on request, which my guests loved. Very knowledgeable musician; approachable with extremely reasonable rate. Thank you for contributing to my wedding day and helping to make it such a success A+++

Fiona, *(For my wedding day)*

We were lucky enough to have booked Steelasophical for our wedding and they were fantastic. We are off on a Caribbean cruise for our honeymoon and having Steelasophical there made it very real! All our guests loved the band. We had them playing throughout the drinks reception and the wedding breakfast and they played so well. If you get the chance to have these guys at your wedding or party, we would 100% recommend them.

Rebecca and Joe Notarnicola, *(Caribbean Theme - Bassmead Manor Barns - Cambridgeshire)*

Steelasophical absolutely smashed it at our wedding! They got every guest of all ages up and dancing. Everybody truly loved them. What more can I say, if you want a great wedding band, get in touch with Steelasophical, they were recommended personally to us and I also would not hesitate to recommend them to anyone! Steel band, Mobile Dj, Vocal entertainer, they even provided the lighting to transform our wedding venue! 10/10
