### Qualified builders & experienced plumbers

We are a family-run business operating in the Bayside area and greater south-eastern suburbs of Melbourne. We provide kitchen, bathroom, and laundry renovations, experienced plumbing services (no job is too small or large) and outdoor irrigation installation and management to family homes.

### Your trusted team

We provide a quality service at affordable prices, and pride ourselves in being trusted to do the job properly.

Home to Garden is an established family-run business headed by Andrew Fothergill and his father Martin. The business was born of our passion for providing people with top quality customer service.

Home to Garden is as serious about customer service as we are about renovations and plumbing. We make connections with people as well as water, drainage and gas—with all work 100% guaranteed.

We provide short-notice plumbing services, home renovations, and garden irrigation services in the bayside area and a large part of Melbourne's south-eastern suburbs,

- Beaumaris
- Black Rock
- Brighton
- Gardenvale
- Hampton
- Highett
- Sandringham
- Moorabbin
- Bentleigh
- Caulfield
- Carnegie
- Elsternwick
- Gardenvale
- Glen Huntly
- McKinnon
- Murrumbeena
- Ormond
- Balaclava
- Elwood
- Ripponlea

## Friendly, Reliable, Trustworthy and on time

Home to Garden is an established family-run business headed by Andrew Fothergill and his father Martin.

**The business was born of our passion for providing people with top quality customer service.**

Home to Garden is as serious about customer service as we are about renovations and plumbing. We make connections with people as well as water, drainage and gas—with all work 100% guaranteed.

**We provide a full range of renovation services for bathrooms, kitchen and laundry ranging from a spruce up to a full strip down and rebuild.** Andrew is holding a current builders licence, which allows for the necessary permits and insurances to be obtained that are required for small construction works. We can manage and co-ordinate all trades on the job from start to finish. With a selection of reliable trades with experience to execute a high level of standard. From initial consultation through to finishing touches our customers' best interest are kept at the forefront and we will do everything within our ability to ensure our customers' dreams are realised.

**Our friendly, qualified plumbers can provide obligation free quotes for all your general plumbing needs.** What's more, we also offer a comprehensive range of sustainable plumbing solutions to help you save water and money.

**We share our knowledge freely with customers, offering no-obligation quotes, advice for all your renovation/plumbing solutions.** Be it renovating, connecting the gas, unclogging the drain, installation and maintenance of hot and cold and irrigation systems, we do the lot.

At Home to Garden, we pride ourselves on our competitive, timely, and professional service, with satisfaction 100% guaranteed. So whatever your needs are, inside and out, you'll benefit from the knowledge, expertise, reliability and good old fashioned trust we bring to every job.

**The types of customers we currently service are:**

Busy professional, Residential property investor and Property management company

## Renovating Bayside Bathroom, kitchen & laundries

Here are a few of the recent bathroom, kitchens and laundries we have completed for our customers:

### How it works

- 

**Introduction**  
 Once we receive an enquiry, we will call you to discuss your project.
- 

**Reference check**  
 We encourage you to look at our google reviews to get an idea of our reputation for quality.
- 

**Organising the tradies**  
 Not every tradie will need to visit the site, sometimes the tiler will need to do a site visit.
- 

**Quotes and plans**  
 we will present our formal quote and discuss preparing a 3D plan of your bathroom.
- 

**Getting the ball rolling**  
 We like to allow time for you to digest everything and encourage you to ask as many questions as you can.
- 

**Communicating**  
 We pride ourselves on being great open communicators, and work hard to avoid any surprises.
- 

**Finishing touches**  
 One of the most important parts! We're not about leaving mess or shoddy cover-ups.
- 

**Handover**  
 Once you have had a chance to review the works we resolve any issues you may have found.

## A local Bayside Melbourne **Plumber** **you can trust**
