

SKYROOM

Bridge the gap between
conservatory and orangery

Designed to the exceptionally high standards you would expect from an Atlas product, the new **Skyroom** offers the benefits of slimline technology combined with visible elegance, outstanding strength and industry leading thermal performance.

With intelligent detailing we have been able to create one of the finest contemporary looking products available on the market and all at a sensible price.

KEY BENEFITS OF THE SKYROOM

- Contemporary mock orangery appearance
- Minimalist modern design with sharp sightlines
- Ultra slim frame
- No bulky or fussy exterior features
- Solar control black film to hide internal pelmet
- Hidden tie bars/support bars
- Ability to hold spotlights
- Choice of any RAL colour
