

*Gali Wigs* of London, a family run business, specialises in creating ladies bespoke wigs and hairpieces.

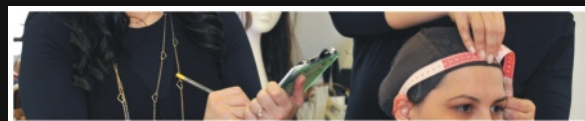

Headed by Gali, and supported by a dedicated team of hair technicians and seamstresses, Gali Wigs has been serving satisfied customers locally and internationally since 1987.

At Gali Wigs, we specialise in creating custom made wigs and hairpieces for optimum comfort and fit. Using only Virgin European hair, we can match your bio-hair for colour, density, length and style.

All our wigs and hairpieces are built on stretchy nets that softly, yet securely, hug the head to prevent the 'helmet' type look. Our hairpieces have a multi-directional 'skin top' which provides a natural-looking skin parting wherever you choose to part your hair.

Our work is done on-site, ensuring that the hairpiece fits our clients individual needs and wishes. No delays or extended waiting times are needed for adjustments.

At Gali Wigs, we combine our vast experience in dealing with clients suffering the effects of alopecia, chemotherapy or general hair loss, with compassion and understanding.

We know how difficult the transitions of hair loss can be, and we are here to help you through them.
