Hanley Industrial Enterprises Pty Ltd
ABN 49 010 930 471

Hanleys delivers complete cleaning solutions - quality products backed by committed, value added service.

We design cleaning solutions specific to your circumstances to ensure your safety, cleaning and hygiene needs are met - saving you time, money and resources.

Hanleys have been delivering cleaning solutions to the health care, hospitality, government and industrial markets for over 47 years. Still a family-owned and run business we've continued to maintain and support our clientele with cleaning solutions over the many years. With our strong foundations in the cleaning industry, we serve the needs of a diverse range of clientele including:

- Government
- Healthcare organisations
- Child Care Facilities
- Hotel Chains
- Industry & Resellers
- Schools
- Aged Care Facilities
- Restaurants & Cafes
- Food Processing Plants

We use our own delivery trucks and vans for quick delivery within the Brisbane Metro area. Our success can be attributed to our comprehensive range of high-quality cleaning products, expert knowledge, experience and value-added customer service and our team dedicated to providing complete solutions for your cleaning needs.

Our product range services all of your cleaning and hygiene needs, making Hanleys your "complete solution" for cleaning supplies. Beyond high quality products which include the latest cleaning technology and environmental and biodegradable product ranges, we also offer a range of services including site auditing, staff training on chemical safety and regular servicing of chemical dispensers to ensure economical dosing and cost efficiency.

Our fully equipped on-site workshop, plus a mobile workshop for service & repair of cleaning machinery means you never have to worry about finding spare parts and accessories for your cleaning equipment.

We sell and service a large range of cleaning machinery, including vacuums, scrubbers & steam machines.
