

A still life image of a desk with a notebook, pencils, a glass of red liquid, and a red envelope. The notebook is open, showing a page with a list of items and a page with architectural drawings. The desk is covered with various items including a red glass, a red envelope, a red pencil, and a red pen. The background is a solid purple color.

Introduction

our team at NFA have worked on hundreds of extensions, renovations and loft conversion projects throughout London. We can draw architectural plans for your loft conversion, internal modifications, home extensions, Kitchen Extensions, Wrap around extension. submit to the council and get them approved for you. We can provide party Wall Agreements, Building reg drawings, structural steel calculations etc at an affordable prices.

NFA specializes in loft conversion architecture, transforming attics into custom living spaces such as bedrooms, home offices or peaceful retreats. Our comprehensive services include design, obtaining regulatory approvals from council and construction, complete with detailed sketches and CAD illustrations. With our experienced team, we seamlessly convert lofts into practical spaces like rooms with ensuite, theatres, offices. For personalized architectural drawings and planning permission, contact us now.

Home Extension Plans

Our architectural services offer a canvas for personalization, allowing you to seamlessly blend functionality, comfort, and style according to your unique preferences. Contact us today to develop architectural plans that will prepare you for a smooth home extension project.

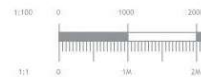

Two Story Extension & Wrap Around Extension

Adding a two-story extension can significantly expand your living space and boost your home's value. These additions are typically built on the back, side, or front of the house. However, they need extensive planning approval, especially near property lines, to comply with building codes and maintain architectural harmony. We can handle the headache of council approvals and architectural plans, so you can focus on daily life. Contact us to create affordable plans for your two-story addition that meets codes and matches your home's style.

Front and Rear 3d view
