Designed with you...

RHS GOLD MEDAL
BBC GARDENERS WORLD LIVE 2014

"I am very happy with the work both you and Ben have done. It's great and we love it!"

Our aim at STONETREE Landscapes is to design and build a space that is focused entirely around you. From the very start of the process you tell us what you want and how much time you want to spend looking after it. Our design will be based on these criteria whilst offering a fantastic and unique looking solution.

Our award winning team of professionals will listen to you. By using our experience and expertise, we'll make the most out of your ideas and the space available to produce a design that will go beyond your expectations. We will use our team of skilled craftsmen to make your design a reality, when the time suits you and within your budget.

Get in touch now for a chat and we'll see if we can help you
