

Newmatic

kitchen appliances

WHAT IS **NEWMATIC**

NEWMATIC is Singapore's own brand of built-in kitchen appliances. Our appliances are designed to be trendy, durable & energy saving. They are manufactured with processes that respect the environment.

Established in 2015, Newmatic Appliance Ltd is the official distributor and service centre for Kenya.

OUR MISSION

To help households meet their energy needs using affordable, environmentally sustainable and eco-friendly technologies.

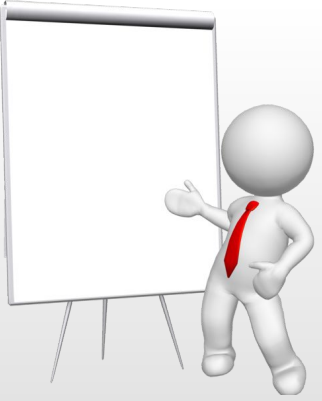

Product Strategy

To use the best available technologies, techniques, Product methods, materials to ensure and eliminate outdated and redundant features that consumers don't use nowadays in order to deliver the green promise.

Newmatic Africa Ltd, Nairobi – Kenya serves as The Regional Africa Headquarters and spearheading the business and Operations on the continent.
