Licence restricted to ancillary work with asbestos

Licence Number 192105928

The Health and Safety Executive, in pursuance of the powers conferred on it by the Control of Asbestos Regulations 2012, licences

Silvercrest Scaffolding Ltd
Silvercrest Yard
Wollaston Way
Burnt Mills Industrial Estate
BASILDON
Essex
SS13 1DJ ("the licensee")

to undertake work with asbestos subject to the conditions below. The licence is granted from **29 October 2021** and shall remain valid until **28 October 2022** unless revoked in writing by an authorised Person.

CONDITIONS

1. This licence or a copy thereof, should be made available on request by the licensee for inspection by any person to whom the licensee submits a tender or quotation for work with asbestos and shall be available for inspection at all worksites.

2. The licensee shall give notice in writing of the work to the appropriate HSE or local authority office at least 14 days before the work is commenced, or such other period as the authority will allow. The notice shall specify the type of work to be carried out, the likely duration of the work, the address of the premises at which the work is to be carried out and the date of commencement of the work activity. The enforcing authority must be informed in writing as soon as possible if this information changes. This condition will only apply to licensable work with asbestos as defined in Regulation 2 of the Control of Asbestos Regulations 2012 or when the licensee hires out employees (at operative level) to other licensees.

3. (a) Prior to submitting the notice of work required by Condition 2 the following documents shall be prepared by the licence holder:

i) a suitable and sufficient written statement of the plan of work to be used.
ii) a suitable and sufficient written specification for the equipment for the protection and decontamination of those engaged in asbestos work and also for the protection of other persons, as appropriate to your work.

(b) The licensee shall, on request by HSE and/or the local authority provide copies of the documents referred to in 3(a) and/or allow inspection of those documents as required.

(c) Work carried out under the notice of work required by Condition 2 shall be carried out in accordance with the suitable and sufficient plan of work and the equipment, as specified (a) (i) and (ii).

The plan of work and written specification must be provided on request and be available at the time of notification.

4. This licence shall only apply to putting up and taking down scaffolding, including any scaffolded frame, to provide access for licensable work where it is foreseeable that the scaffolding activity is likely to disturb the asbestos.

5. External audits should be carried out at the first three licensed jobs and thereafter on 30% of licensed jobs. Findings from audits should be recorded and reviewed and the required actions implemented. A report summarising findings, trends and actions should be submitted to the Asbestos Licensing Unit (ALU) every 3 months, with the first report due by 1 February 2022. Copies of the first three external audits should also be submitted to the ALU.
