

My Wedding Packages

I offer three fixed price wedding packages, or you can build your own, so you have the greatest choice possible.

To build your own package you will need to secure your date by paying a £800 non-returnable booking fee. For that payment you will get me for the whole day, from getting ready to the first dance and beyond if you want dance floor images. All you need to do after the big day is to choose the products you want, in your own time. Details of all of the products I offer, and a price list, can be found in my wedding print prices brochure.

If you want the simplicity of a fixed price package I offer three. Each has an album with a different cover option, and varying numbers of 9x6 and 6x4 prints, complete with strut mounts.

Payment terms for the packages are shown below, and details will be included in the contract document that you will be sent prior to confirmation of your booking.

I would be extremely happy to discuss your package options with you at any time. Please contact me by email at info@melpettitwedding.photography.

USB Sticks

If you have read my print prices brochure you will know that I am a massive advocate of printed products. I'm also aware that some may not want to go down that route and instead want digital files only. I'm happy to supply them, on a USB stick of your choice. Details can be seen in product prices brochure..

Contract Documents

Your wedding day is one of the most important days of your lives, and it is important for me too. It is my job to get you the images that you want, so you can remember those special moments in the years to come, and share them with your family and friends.

To help the day run smoothly I will send you a copy of my wedding contract so you can see what you are committing to. This will be done electronically, all I will need is the email addresses of the bride and groom. The signing can be done electronically too, making the whole process smooth and easy.

The contract will contain clauses that pertain to the wedding package you have chosen, and provides protection for you.

I would be happy to discuss any of the terms and conditions within the contract should you so wish.

Email me at info@melpettitwedding.photography.

Payment

If you are building your own package, the booking fee should be paid within 7 days of your initial enquiry. This will secure my services for the date of your wedding, and prevent that date being offered to another couple.

If you are choosing one of the fixed price packages, the booking fee should be paid within 7 days of your initial enquiry. This will secure my services for the date of your wedding, and prevent that date being offered to another couple. The balance of the package is due 30 days before the date of your wedding.
